

# VVAAS 2024-2025 PD options

## VVAAS Professional Development Goals:

- Train division educators to effectively navigate and build reports within VVAAS to answer purposeful data questions.
- Share best practices in understanding VVAAS 3rd Release (Yrs. 2022, 2023, 2024 data).
- As available to share and train on to use VDOE data sources to support building Data Literacy capacity.

## Who should attend:

Each opportunity will allow educators to learn more about VVAAS and how it can show relationships between growth and achievement. Because of the diverse ways VVAAS can support educators, it is recommended that you have instructional, administrative, student services staff, and teachers understand and be able to use VVAAS.

## In-person Opportunities:

### Opportunity 1:

We are excited to offer you multiple in-person VVAAS training throughout the Commonwealth. By partnering with hosting divisions, the VDOE can bring the VVAAS Y3 Data Release series to administrators, instructional leaders, and other educators to learn the power of VVAAS data.

#### *What's new about these events?*

- Attendees can select to attend 1-day or 2-days.
- Day 1 will be a full-day overview of VVAAS (9 am-3:30 pm)
- Day 2 will be multiple sessions applying VVAAS in your school or division. (TBD)

Note: Day 2 attendees must have participated in Day 1 or a previous VVAAS session. These hands-on sessions will draw on prior knowledge of VVAAS training.

#### *Locations for VVAAS PD:*

- **11/13-14/2024: Abington** - One Partnership Circle, Abingdon, VA 24212
- **11/19-20/2024: Chesterfield** - 13900 Hull Street Rd, Midlothian, VA 23112\*

before the event.

## Opportunity 2: VVAAS University Session 4 (Spring 2025)

The Virginia Department of Education (VDOE) is sponsoring a professional development event allowing Virginia educators to build a data literacy community using the Virginia Visualization and Analytics Solution (VVAAS). The VVAAS University event will be held on the SAS Campus in Cary, North Carolina.

Participants are expected to share information from their university experience back in their division. Ideally, you would send a participant who focuses on data in your division and another who focuses on instructional strategies. Divisions are allowed to register up to three participants. Limited spots are available.
