

Chesterbrook Elementary School Walking or Bicycle Riding Approval Form

Chesterbrook Elementary School is considered a non-walking/biking school. We do not have a crossing guard and travel across Kirby road is not monitored. Chesterbrook staff are not allowed to stop traffic on Kirby Road. The safety of our students is critical and knowing how our students are arriving to school and returning home is important. When leaving school students must report directly home. Students may not go to another off-site location, such as Starbucks. Students must return home or be in the care of a parent/guardian or another designated adult before going to another location.

Any student who wishes to walk or ride his or her bicycle to school must have this approval form with approval from a parent/guardian on file with the front office. The route ridden to school must be decided upon by the parent and should be safe and appropriate.

Students riding bikes to school should wear a helmet while biking to and from school. The principal will review this form and confirm permission with the parent before the student may walk or bike ride home alone. You may complete one form for all children in the family.

Student's Name:

Teacher & Grade:

Street Address:

Check one or both if applicable: Request to WALK Request to BIKE

Route traveling to/from school: *Please note that crossing Kirby Road is not a suggested route. There is no crossing guard at Chesterbrook. Parents are encouraged to walk or ride with students if possible.

I give permission for my child(ren) to walk or ride their bicycle independently to and from Chesterbrook daily.
