

## WHAT WOULD YOUR CHILD ENJOY ABOUT SCOUTING?

- At the heart of Scouting are hands-on, interactive activities. In Cub Scouts, there are opportunities to spend time as a family doing fun activities that guide boys and girls through [Cub Scouting's core values](#) and give them a sense of personal achievement. Cub scouts have fun in small groups at Den meetings, and enjoy awards, recognition, and camaraderie as a large group at Pack meetings.
- Pack 1160's Cub Scout program brings great kids from the Hunters Woods and A. Scott Crossfield Elementary School communities together with quality guidance from able parent volunteers, and resources, tools, and venues from the National Capital Area Council to deliver the best scouting experience.
