International Walk to School Day is one week away!

On Wednesday, October 6, Kings Park and Kings Glen Students will join other students from all over the world in walking and biking to school!

We will have designated “meet up” stations at various points in the Kings Park and Kings Glen walking boundary for any families who would like to walk as a group. Please use the Sign Up Genius form if you are able to volunteer to support as a walking captain at one of the following intersections.
