School COVID-19 Vaccine Clinics

Fairfax Health District and Fairfax County Public Schools are hosting school-located COVID-19 vaccine clinics for children ages 5–11 years old.

ALL VACCINATIONS ARE FREE.

Here is what you need to know before you go:

Attendees are not required to be a student at that school. All children, including those who attend private schools or are home-schooled, are welcome.

Only the Pfizer-BioNTech vaccine that is approved for children ages 5–11 will be offered.

No appointment is necessary, as registration will take place on site. If you arrive after all vaccine has been administered at a particular clinic, please visit www.vaccines.gov to find a vaccination location nearby, or call the Fairfax County Health Department's vaccine call center at 703-324-7404.

Children under the age of 18 must be accompanied by a parent or another responsible adult at all community vaccination sites.
