

October 7, 2022

Dear Parent or Guardian of a **Middle or High School Student**:

The Fairfax County School Board and the Fairfax County Board of Supervisors work together to administer the Fairfax County Youth Survey. The results of this survey are published each year on <https://www.fairfaxcounty.gov/health-humanservices/fairfax-county-youth-survey> and are used by school officials, youth leadership classes, youth-serving county agencies, and local non-profits to determine the effectiveness of prevention and intervention programs offered in schools and communities. It is also used to identify changing trends and areas of need. The survey is anonymous and no individual information is reported.

Online responses will not be traced back to your child's personal information or linked to a computer, email address, or other electronic identifiers. No personally identifiable information or IP addresses will be recorded. Survey responses will be stored in a secure server which is compliant with federal data security standards. To protect students' anonymity, the responses will be read and analyzed only by the researchers and summarized in a report with no personal identifiers.

The Fairfax County Youth Survey asks questions about risky behavior, mental health, physical health, and safety. There are questions about behaviors related to alcohol, illegal drugs, or misuse of prescription drugs. Additional questions about depression, student stress, bullying and harassment, personal health, and - for students in eighth, tenth, and twelfth grade only - sexual behavior, will be included in the survey. Students are also asked about specific protective factors concerning health and safety.

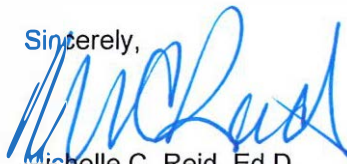

You have the right to preview the survey and may deny permission for your child to participate if you desire. If a student is uncomfortable with any question on the survey, the student does not have to answer that question or may elect to discontinue the survey. While it is hoped that as many students as possible will participate, you have the option of completing the attached form if you wish to opt out your child.

The survey will be administered between November 7 and November 22, 2022, during a time of day determined by your child's school administration. A copy of the survey will be available to parents and/or guardians online at <https://www.fcps.edu/resources/student-safety-and-wellness/youth-survey> and in the school counseling office of your child's school beginning October 7, 2022.

If you do not wish for your child to take part in the survey, please complete the attached form and return it to your child's school counselor no later than November 7, 2022.

If you have questions about the survey, please contact Stefan Mascoll, coordinator, Student Safety and Wellness Office, at 571-423-4270.

Sincerely,

Michelle C. Reid, Ed.D.
Superintendent of Schools

**2022 Fairfax County Youth Survey
OPT-OUT FORM**

Complete this form **only** if you **do not** wish for your child to participate in the survey. Return it to your child's school counselor no later than November 7, 2022.

I do not give permission for my child to participate in the confidential *2022 Fairfax County Youth Survey*. I understand that my child will be assigned to an alternative activity during the administration of the survey.
