

Special Event: MCCP and NOVA Dental Hygiene Clinic Coming to Your Neighborhood!

Medical Care for Children Partnership (MCCP) offers access to comprehensive medical and dental care to eligible children of working families in Fairfax County. We are thrilled to partner with Northern Virginia Community College (NOVA) to bring dental care directly to your child's school.

With our state-of-the-art Dental Vans and our amazing NOVA dental hygienists, we will be offering **free dental screenings for uninsured children 3-18 years old** at your local elementary school. If further urgent dental treatment is needed, information will be given to parents about who to call. We will also bring free goody bags for each child seen. Please sign up with your school counselor for an appointment, but we may also be able to take walk-ins that day.

Our DENTAL VANS will visit Garfield Elementary School on:

Date: Saturday, January 21, 2023

Time: 10 AM – 1 PM

We hope to meet you at that time, and we are happy to answer questions in English and Spanish about our programs and how to keep your child's teeth healthy.
