

# Computer Science Enrichment with the WTW CS Honor Society

On March 8<sup>th</sup>, 2023, the W.T. Woodson Computer Science Honor Society students will be coming to your elementary school to offer the 5<sup>th</sup> and 6<sup>th</sup> grade students a fun and exciting enrichment experience!

Your student will complete a programing activity using Google's CS First block-coding platform. They will also have a chance to interact with great Woodson students!

This event will begin promptly after school at 4:05 p.m. in the cafeteria and end at 5:15 p.m. If your student is interested in attending, please sign below and return the permission slip back to your student's teacher by March 1<sup>st</sup>.

**You will be responsible for picking up your child in the cafeteria promptly at 5:15 p.m. or making arrangements for another adult to pick up your child. No 5<sup>th</sup> or 6<sup>th</sup> grader will be permitted to walk home.**

We look forward to working with your student!
