

## SAT (Digital) & ACT (Paper) Practice Tests

On Saturday, September 30, 2023 the **Fairfax High School Academic Boosters** will partner with **Applerouth Tutoring** to offer our first **Digital Mock SAT** and the paper Mock ACT exams.

***The format of the SAT will change to digital in March 2024.*** Students are encouraged to take a practice test before attempting the actual exam. *The Mock test is a perfect opportunity for students who haven't started their testing to become familiar with the new digital SAT format in a stress-free environment.* Students will receive detailed score reports to help them determine which areas they need to study.

We will also continue to offer the Mock ACT in paper format for students who prefer the ACT or wish to see if the ACT might be right for them.
