FORGIVENESS

"People are supposed to make mistakes. That's why we have erasers."
-Brittany McMahan (age 8)

WHAT DOES FORGIVENESS MEAN?

You forgive those who have done wrong. You accept that people make mistakes.

WHY DOES THIS MATTER?

Everyone makes mistakes so forgiveness is very important! For example, a friend might accidentally spill paint on your art project. When you forgive your friend, you will both feel better and be able to move forward.
