

A Letter to Parents/Guardians about Family Life Education

Dear Parent/Guardian:

Fairfax County Public Schools (FCPS) provides a comprehensive, sequential Family Life Education (FLE) program for kindergarten through grade twelve. The FLE program is designed to provide students with the knowledge, attitudes, and skills to make healthy, responsible, respectful, and life-enhancing decisions related to human growth and development, relationships, and emotional and social health. Instruction is seen as a partnership among parents and guardians, the school, and the community in supporting the learning essential to the development of strong families, positive relationships, and a healthy community.

Detailed grade-level program descriptions (lesson objectives and descriptive statements) are available online for each grade level. Grade level-specific curriculum lessons and media that FCPS has streaming rights for are available online in Schoology. Parents/guardians login to Schoology using the same username and password as their Student Information System (SIS) Parent account. Due to copyright permissions, we are unable to stream all media titles online. Lessons and media are also available for review at your child's school and lessons only are available at the City of Fairfax Regional Library (this location does not have media).

Parents/guardians may choose to opt their child out of all or part of the Family Life Education program. Students who are opted out are provided with alternative health instruction, and every effort is made to foster respect for family choices. **If you wish to opt your child out of all or part of FLE for this school year, please complete the form that accompanies this letter or access the opt out forms online.**

The detailed grade-level program descriptions and opt-out forms are available on the FCPS website.

Please fill in the opt-out form and return it to your child's school prior to Family Life Education instruction.

Your child will be included in all Family Life Education instruction unless you request that he/she be opted out using the opt-out form. ***You do not need to return the form to the school if you wish for your child to participate in FLE instruction.*** If you return the opt-out form and later decide you want your child included in FLE instruction, you must notify the principal in writing.

Fairfax County Public Schools is committed to providing age-appropriate instruction in the very important topics included in Family Life Education. For information about scheduling of FLE instruction, please contact your child's teacher or school.
