Knitting **Grades 4-6 (Tuesdays @ 8:10 a.m.) 8 classes - No Class on 3/5**

Join Ms. McKenrick for an introduction to knitting. Learn techniques and patterns, while enjoying fun projects and learning the tricks of the trade. Cost: **\$110/participant**. For registration see the bottom of the page.

Chess Club=> offered by Magnus Chess for **Grades K-6 (Wednesdays @ 8:10 a.m.) 10 classes - No class on 3/27**

Learn chess with Magnus Academy, five-time world champion Magnus Carlsen's academy! We've taught 100,000 children to play including state & national champions, but most students are beginners looking to learn a new skill and have FUN. Class time is divided between lessons and practice games. Lessons range from the basic rules to advanced tournament strategies. Students will have the opportunity to play in tournaments outside of club time. This in-person club includes free online extras including weekly practice tournaments, a Chesskid Gold membership, and an event with a chess celebrity. All chess supplies provided. All skill levels are welcome. Cost: **\$213/participant** Register: <https://chessacademy.com/products/fairhill-elementary-school-chess-club>

Group Music Fun! => offered by Learn Music Now, Music Ensemble (Piano, Guitar, Violin and Drum) for **Grades K-6 (Thursdays @ 8:10a.m.) 8 classes** Course Description – Students will participate in an ensemble music group. They may choose which instrument to play during the session – piano, guitar, violin or drums. Students will learn about the instruments as well as how to play in a music group. Cost: **\$200/participant** including instrument rental. Register today: <https://learnnowmusic.com/group-lessons/>

Intro to Game Design=> offered by STEMexCEL for Grades 1-6 (Fridays @ 8:10 a.m.), 8 classes

Intro to Game Design introduces students to important game design concepts so they may use their creativity and problem-solving skills to create fun, complete and shareable games! The course teaches students important factors they need to consider when creating a game, such as game mechanics, player experience, art, story and how to work within your scope. Via discussions, activities and computer work led by our instructors, students will learn how to make games from beginning to end. At the end of the session, students will leave with their own account information, so they may continue developing games at home and sharing them with friends and family. **Cost: \$130/participant** Register: www.stemexcel.org/fairhill
