

Belvedere Career Day 2023!

February 1, 2024

Dear Belvedere Community,

During the month of May, counseling lessons will focus on college and careers, and we end our school counseling calendar with a Career Day for 4th and 5th graders.

Our 4th and 5th grade students will attend Career Day on **Tuesday, June 4, from 9:40 a.m.-11:40 a.m.** Career Day consists of students rotating to four different 20-minute sessions.

How can you help? We are seeking parents, family members or neighbors of students from any grade level who are interested in sharing about their careers. Those who are interested in participating should be prepared to give four short presentations over the course of the morning (~20 minutes each) with time for questions. We hope to gather speakers from a wide variety of careers, to provide students an opportunity to get a closer look at occupations and to learn how the skills they learn every day in school relate to real life.

Please return the bottom portion of this paper by Monday, April 1st to allow us to begin planning for our presenters. We will contact you with additional information once we have communicated with interested parents or community members. If you have any questions, please contact Tracy Ballard: tballard@fcps.edu or 703-916-6873. We look forward to hearing from you and seeing you at Belvedere!

Sincerely,
Tracy Ballard and Paige Simpson
School Counselors

Career Days at Belvedere
