

# Other People Mindset (OPM)

## Cheering others' successes

"We rise by lifting others." -Robert Ingersol

### WHAT DOES THIS MEAN?

When other people succeed you are happy for them and cheer them on.

### WHY DOES IT MATTER?

Cheering others' successes is an important part of how you make other people feel. If your teammate makes the winning shot at your basketball game, you will cheer for them and are happy for them, instead of being sad that it wasn't you.
