

# Sully District Police Station will present Hidden In Plain Sight

A community awareness program to educate parents on signs of risky behavior.

Hidden in Plain Sight (HIPS) program is an IN-PERSON interactive program for adults to be educated about the signs of risky behavior in teens and young adults. It touches on drug and alcohol use, mental health concerns, eating disorders, risky sexual behaviors and more.

This is a hands-on learning adventure for **PARENTS AND GUARDIANS ONLY!** We guide you through a presentation that opens your eyes to what is right in front of you. This program begins with a setup of a teenager's bedroom which includes close to 100 "red flags" that indicate risky behavior. Parents are encouraged to touch everything and identify our red flags. Times have changed since we were teenagers... do you think you can find them?
