

# School Health Room Volunteers Needed

Are you looking for a rewarding way to get involved in your child's school? Consider becoming a volunteer in the health room! As a parent volunteer, you'll have the opportunity to make a real difference for students who come to the health room by providing comfort and care when they need it most. Whether it's offering a listening ear, providing first aid care, or simply being there to lend a helping hand, your support will make a difference. As a health room volunteer, you'll have a chance to work with our School Health Aide and School Public Health Nurse and learn valuable skills!
