Private Tutoring Options 2024/25

Dear Parents and Guardians,

During the school year, parents sometimes request private tutoring options for the school year. Below is a list of Chesterbrook staff who are available for private tutoring.

Parents are free to contact the staff members listed below to make such arrangements (pricing, subject matter, and frequency) for the school year. In this capacity, staff members are considered private contractors and any arrangements made are between the family and the staff member.

During the school year, FCPS staff are not permitted to privately tutoring their own students for compensation. Grade level teachers run different programs throughout the year. Therefore, we do not have grade level teachers tutor their same grade level during the academic year.

The Family Resource Center also maintains a current list of all FCPS staff who are available for private tutoring. Parents may contact the Family Resource Center at frc@fcps.edu to request that listing.

FCPS is partnering with Varsity Tutors to provide students and families with extra resources for learning. Every student can take advantage of Varsity Tutors' services at no cost, including weekly live online classes; on-demand 24/7 chat tutoring; essay editing; and study resources such as recorded content, practice problems, and diagnostic tests.
