

School Year 2024-25

SAVE THE DATES for SIBSHOPS!!!

An exciting workshop for students who have a brother or sister with support needs (with a disability).

Sibshops is a community-building group for students who have a sibling with support needs. We have fun activities, both recreational and art-based, as well as discussion activities. It's an opportunity for students to share about their lives and support each other while normalizing their life experiences. Sibshops is a place where participants will feel validated and understood and can build upon their community of support.

Sibshops are for students in **grades K-2** enrolled in Fairfax County Public Schools who have a sibling with special needs
