

# Future Ready: Building Skills at Home

## Home is Where Future Readiness Begins

Helping your child build independence, career awareness, and life skills starts right at home—and in your community.

You're already building their future when you:

- 💬 Talk about their interests and strengths
- 📅 Explore jobs during everyday outings and at home
- 📝 Let them help with simple chores at home

These small moments grow big skills.

You're helping your child become future ready every day. 

## 👉 Four Ways to Build Future Ready Skills

### Self-Awareness

- 🔍 Help kids reflect on their interests and strengths with [this activity](#)
- Plan fun activities by completing the [Parent](#) and [Student Leisure Survey](#)
- 🎥 Watch “[Interests & Strengths](#)”

### Career Awareness

- 👷 [Introduce jobs in real life](#)
- On errands, ask your child: [“What does that worker do?”](#)
- Watch short [career videos](#) or explore [career clusters](#) to learn about future interests
- 🎥 Watch “[Exploring Careers](#)”

### School-to-Life Connections

- 📚 Show how school fits real life.
- Use [math to cook or shop](#)
- Show [how reading helps build things or play a game](#)
- 🎥 Watch “[Cooking at home](#)”

### Pre-Work Skills

- 🧠 [Life skills = future ready!](#)
- Do chores at home with [instructions](#)
- Be prepared and pack a bag for a trip with a [checklist](#)
- 🎥 Watch “[Chores that Build Skills](#)”
