PREFACE

The State of Virginia has empowered and directed School Boards (in Title 22.1, Chapter 7) to do the following:

See that the school laws are properly explained, enforced, and observed; ensure that public schools are conducted according to law and with the utmost efficiency; care for, manage, and control the property of the school division; provide for the consolidation of schools or redistricting of school boundaries or adopt pupil assignment plans to contribute to the efficiency of the school division; operate and maintain the public schools in the school division and determine the length of the school term, the studies to be pursued, the methods of teaching, and the government to be employed in the schools, consistent with state statutes and regulations of the Board of Education; and perform other duties as prescribed by the Board of Education or as are imposed bylaw.

State law further states that a school board may adopt bylaws and regulations, not inconsistent with state statutes and regulations of the Board of Education, for its own government, for the management of its official business and for the supervision of schools.

The Fairfax County Public Schools Board takes its charge seriously and has developed this Strategic Governance manual as a plan to conduct our responsibilities as stewards of this school system in a professional manner that addresses goal-setting, monitoring compliance, and a focus on continuous improvement. The Board works in partnership with the Superintendent, who has been delegated authority for the day-to-day operations of the system in accordance with the Code of Virginia.

DEFINITIONS

Beliefs

Beliefs are the School Board's and the school system's value system. They serve as the corporate conscience that drives other decision-making.

Vision

The Vision is a statement of how the school system is intended to look at a point in the future, assuming all goals are met and all parts of the district's strategic plan are successful. It is a statement intended to express both aspiration and inspiration.

Mission

The Mission is the over-arching, ultimate goal for student achievement. It is the sum of more specific Strategic Plan Goals and will be the result of their attainment.

Strategic Plan

The Strategic Plan provides a framework for decision-making that builds upon a common mission, vision, and guiding principles held by the community. Its goals define the role of all Fairfax County Public School (FCPS) staff members in living the commitment to our staff, students, and community.

The Board will judge the overall success of the school system on the basis of reasonable progress toward achieving these goals, along with the system's compliance within the Board's stated Executive Limitations. Continuous monitoring by the Board will provide the means for judging reasonable progress toward achieving the Strategic Plan Goals.

Executive Limitations

While the Mission and Strategic Plan Goals are the major drivers of what happens in the school system, the Board also has concerns about how the system operates. These Executive Limitations express the operational guardrails the Board has for how the Superintendent shall operate the Division to achieve those goals. Executive Limitations are reviewed annually through monitoring reports, submitted by the Superintendent, to ensure compliance with these limitations.

Portrait of a Graduate

Portrait of a Graduate encompasses all that FCPS wants its students to be. This framework moves FCPS students and staff members to look beyond the high-stakes testing environment and help students develop skills so they can be successful in the workforce of the future.

Board Roles and Responsibilities

The School Board views its role to be different from any other entity associated with the school system. That role is defined in this statement.

Board Governing Commitments and Processes

In order to do its job effectively, the School Board must create for itself a governing culture that allows 12 very diverse individuals to function as a unit. That thoughtfully-crafted culture is reflected in these Board Governing Commitments and Processes. The Board commits itself to the same degree of excellence expected of the Superintendent and staff, and these provisions

are the yardstick against which the Board will measure its own performance.

Superintendent Evaluation

The Board delegates operational control of the school system to the Superintendent and will hold the Superintendent accountable. This manual clarifies the basis and the means for evaluating the performance of both the school system and the Superintendent.

BELIEFS

Each student is entitled to an excellent education that meets his or her individual needs.

Dynamic and supportive partnerships among students, parents, educators, and the community are critical to meet student needs and provide enriching experiences.

Effective educators are essential to student success.

Families play a fundamental role in their children's education.

High expectations inspire high performance.

Everyone thrives in a vibrant, healthful, safe, enriching, and respectful environment.

Our diversity is a strength that creates resilient, open, and innovative global citizens.

Quality early childhood education is crucial to school readiness and future success.

Literacy is an essential life skill, and reading proficiency by third grade is critical for the academic success of all students.

A well-rounded education enables students to lead productive, fulfilling, creative, and culturally rich lives.

An educated citizenry enhances everyone's quality of life, improves our economy, and sustains our system of self-governance.

A successful education system develops students who are effective communicators; collaborators; creative critical thinkers; global and ethical citizens; and goal-directed, resilient learners.

VISION

Looking to the Future

FCPS prepares all students for the world of the future by giving them a broad spectrum of opportunities to prepare for education and employment beyond high school. All graduates are productive and responsible members of society, capable of competing in the global economy, and motivated to pursue learning throughout their lifetimes.

Commitment to Opportunity

FCPS values its diversity and acknowledges that all people contribute to the well-being of the community. FCPS provides opportunities for all its students and employees to grow educationally, personally, and professionally.

Community Support

Fairfax County embraces its schools. Businesses and community members generously volunteer their time and resources to help students. Schools are integrated into the fabric of the community, and residents take pride in their schools. The success of FCPS draws businesses to Fairfax County. Citizens support the financial and capital needs of the school system.

Achievement

Fairfax County students achieve at high levels in all core areas and across a broad spectrum of pursuits. FCPS values a well-rounded education that goes beyond basics, and encompasses the arts, technology, communication, and critical thinking skills in preparation for the work of the world. FCPS provides a breadth and depth of opportunities to allow all students to stretch their capabilities and pursue their passions.

Accountability

FCPS is accountable for the academic achievement of all students. FCPS measures academic progress, to ensure that all students, regardless of race, poverty, language or disability, will graduate with the knowledge and skills necessary for college and/or employment. FCPS spends money wisely. FCPS directs funds to the classroom and finds ways to improve performance across the spectrum of academic programs and business processes.

MISSION

Fairfax County Public Schools inspires and empowers students to meet high academic standards, lead healthy, ethical lives, and be responsible and innovative global citizens.

STRATEGIC PLAN OVERVIEW

In July 2015, the School Board approved Ignite, the Strategic Plan for Fairfax County Public Schools, which represents the cooperative work of the School Board and Leadership Team (LT), with significant community input, to create a long-term plan for continuous improvement. At the core of this plan is the FCPS Portrait of a Graduate. Ignite is a living document, which is reviewed and revised regularly. The Ignite Strategic Plan contains four strategic goals, which each contain overarching strategies, desired outcomes, actions, and monitoring metrics. The four goal areas are:

- 1) Student Success
- 2) Caring Culture
- 3) Premier Workforce
- 4) Resource Stewardship

STRATEGIC PLAN GOAL REPORTING

School Board oversight and monitoring of the Strategic Plan is achieved through regularly scheduled goal reports to demonstrate the work accomplished and the results achieved. Each report provides a comprehensive review of one of the four Strategic Plan goals areas, with a secondary focus on essential updates in the other three goal areas. In addition, the reports outline major Strategic Plan activities for the coming year that are designed to address areas in need of improvement. The monitoring metrics approved by the Board are essential elements of each report to ensure that the initiatives undertaken in the school year adequately address Strategic Plan outcomes. In addition to these reports, the School Board will have the opportunity to annually reassess the plan and make necessary adjustments to content, timelines, and metrics.

Goal reports involve three components—a written draft report, a work session to discuss the draft report, and a public presentation on the final report. Additional data and information shall be made available to the School Board through periodic internal reports at established times throughout the year.

PORTRAIT OF A GRADUATE

In 2014, FCPS adopted the Portrait of a Graduate to answer this question: What are the skills necessary for success for all children in this rapidly changing, increasingly diverse, and interconnected world? EXECUTIVE LIMITATIONS

The School Board created the Strategic Plan and Portrait of a Graduate characteristics to ensure that the FCPS community, staff, and students are united behind the work that must take place to ensure the Division's success. That success requires operational excellence and the Superintendent operating the Division within the parameters expressed by the Board through Executive Limitations.

The Superintendent will provide an annual report to the Board on each of the Executive Limitations at a regular Board meeting. The Board will review each Executive Limitation annually and may offer revisions at the presentation of the monitoring report. The Board may also revise an Executive Limitation at any time to refine parameters for the Superintendent moving forward.

The Board will vote on each of the monitoring reports presented by the Superintendent. Following the compliance vote, individual Board members may complete an optional Monitoring Report Response Form to provide the Superintendent with additional compliance-related feedback on the relevant Executive Limitation.

The compliance vote and optional Monitoring Report Response Form are intended to provide immediate feedback to the Superintendent related to each Executive Limitation report but do not serve to predict the outcome of the Superintendent's annual summative evaluation. Board members may use the compliance vote and any Board feedback related to each Executive Limitation to inform the Superintendent's evaluation as they determine appropriate. All feedback provided by Board members on the Monitoring Report Response Form will be collated and made available to the public.

If at the time of the compliance vote the Board finds the Superintendent is not in compliance with one of the Executive Limitations, the Superintendent will present a corrective action plan to the Board at a subsequent meeting.

Board members are expected to comply with state law and current versions of School Board policies and FCPS regulations pertaining to conflict of interest, including Policy 1801, Conflict of Interest and Statement of Economic Interest- School Board Members and Superintendent of Schools, and Regulation 4427, Nonschool Employment.

**PROCESS FOR ADDRESSING NON-COMPLIANCE WITH BOARD
MEMBER ROLES AND RESPONSIBILITIES OUTLINED IN THE
STRATEGIC GOVERNANCE MANUAL**

The Board and each of its members are committed to faithful compliance with the Board roles and responsibilities as outlined in the Strategic Governance Manual. The Board will deal with deliberate or continuing violations in order to ensure effective governance.

In the event of such noncompliance, the Board will seek remedy by applying any of the following measures:

- A. Conversation in a private setting between the member in question and the Board chair or another individual member:

If a Board member perceives that a fellow member has been noncompliant, that member may address his concerns with the member who is perceived to be noncompliant. Alternatively, the member may refer the concern to the Board chair. If the Board chair is suspected of noncompliant, the concern would be referred to the vice chair. The purpose of this step is to attempt to resolve any perceived violations at the lowest possible level, involving the fewest number of individuals.

- B. Discussion between the member in question and the full Board:

In the event of serious or continuing noncompliance by one member, any Board member may request the Chair schedule a full School Board discussion in closed session with the identified member. The identified member will receive advance written notice of the discussion, including a statement of the alleged violation.

- C. Potential removal from any leadership or committee positions to which the member in question has been appointed or elected:

To remove the Board member from a committee leadership or committee membership position, any member may request the Chair notify the identified member in writing of the scheduled School Board discussion of removal. The identified member shall be removed only after discussion and only on majority vote of the Board.

- D. Public statement regarding noncompliance with School Board roles and responsibilities:

The Board may issue a statement regarding any instances of individual Board member's noncompliance, after notice to the individual and a discussion and vote to do so by the Board.

S.1

SUPERINTENDENT DELEGATED AUTHORITY

The Board will provide direction to the Superintendent through written policies, the Strategic Plan and formal votes.

As long as the Superintendent uses a reasonable interpretation of the Board's direction, the Superintendent is authorized to establish district regulations, make operational decisions, establish instructional practices, and initiate activities deemed necessary and appropriate to achieve the Board's goals and expectations. The Board will make the final determination as to whether any such decision is reasonable. The Board further delegates to the Superintendent the authority necessary to implement the goals and mission established by the Board, subject to any approvals or actions specifically reserved to the Board.

ACCOUNTABILITY AND EVALUATION

Superintendent Accountability

The Superintendent is accountable to the Board for all decisions made within his or her area of delegated authority. The Superintendent will be evaluated on several factors, including, but not limited to the four goal areas outline the Ignite: Strategic Plan.

Goal 1: Student Success

Goal 2: Caring Culture

Goal 3: Premier Workforce

Goal 4: Resource Stewardship

Superintendent Evaluation

Formative Evaluation: The Board will develop a mid-year review of the Superintendent's performance. The Superintendent will provide thorough and detailed goal reports as prescribed in the Annual Calendar and a self-assessment to help the Board in reviewing his or her performance. The Board will use these and other information received on issues that arose throughout the year in developing its evaluation. In an effort to enhance accountability, the Superintendent will annually review and discuss Leadership Team (LT) members' performance with the Board in Closed session before the Summative Evaluation.

Summative Evaluation: In June, the Board will review the year's Goal reports. The Board will use these reports and the Superintendent's self-evaluation as a basis to develop and approve an overall summative evaluation of the Superintendent's performance.

The summative evaluation document will include areas for commendation as well as areas that require additional attention and individual School Board member comments. The Board will use these and other information received about issues that arose throughout the year in developing its evaluation. The Summative Evaluation document will comply with state mandates. This document will be discussed with the Superintendent in a closed meeting. The full personnel document will remain Privileged and Confidential but a summary of its conclusions will be made public.

Operational goals for the succeeding year will be decided on the basis of the summative evaluation. (Appendix I)

External Monitoring: At its discretion, the Board retains the option of asking for external monitoring of any performance area, as a means for assessing performance.

5. Closed Meetings

The *Code of VA* permits closed meetings in order to discuss specific matters. Closed meetings must be convened by vote of the majority of the School Board members in attendance in public session. Closed meetings of three-member committees of the School Board are held regularly throughout the school year and at other times, as required, in order to hear student disciplinary cases. [*Code of VA §2.2-3711 and 3712*]

a. Certification of Closed Meeting Compliance

At the conclusion of each closed meeting, the School Board shall reconvene in open session immediately thereafter and shall take a recorded vote to be included in the minutes of that meeting certifying that, to the best of the members' knowledge, (i) only public business matters lawfully exempted from open meeting requirements and (ii) only such public business matters as were identified in the action by which the closed meeting was convened were heard, discussed, or considered in that meeting by the School Board; this includes the certification of each School Board member who served on a student disciplinary committee that those closed committee meetings are also lawfully exempted from open meeting requirements. Any member of the School Board who believes that there was a departure from those requirements shall so state prior to the vote, indicating the substance of the departure that, in his or her judgment, has taken place. c. Attendance

Closed meetings may be attended by School Board members, division counsel or outside counsel, the Superintendent, and the School Board Clerk. The School Board may permit nonmembers to attend a closed meeting if such persons are deemed necessary or if their presence will reasonably aid the School Board in its consideration of a topic that is the subject of the meeting. The agenda and all supporting documents and information shall be made available to the School Board and the public and posted to the web at least five days in advance of the meeting whenever possible.

4. Voting

All voting on motions or resolutions shall be by raised hands. The Chair shall announce the vote for the record, including members voting aye, nay, and abstentions, and if the motion passed or failed.

Approved motions are recorded on the School Board Motions Tracker system as a method to catalogue and document the progress and implementation of Board approved motions. The Tracker is also used to document Forum Topics and Next Steps, if these items have been approved by consensus of the Board.

The Clerk is responsible for adding all Board approved items to the Tracker as soon as possible following the meeting and prior to the Board's consideration of the minutes of that meeting. The Clerk will ensure that all items added to the Tracker include the exact wording adopted by the Board, and the Leadership Team (LT) member(s) to whom the task has been assigned.

Once the task has been assigned in the Motions Tracker, the LT member(s) responsible will receive an automated notification, along with an email notification from the Clerk. The LT member (s) is then responsible for updating the Tracker as progress is made towards implementing the approved motion

The Motions Tracker is located on a shared drive accessible to the Board members and staff and public. The Superintendent's weekly Board briefing shall include a link to the shared document, as well as a list of items updated in the prior week.

C. Community Participation

Members of the community are invited and encouraged to attend public meetings of the School Board to observe its deliberations. The School Board welcomes community members to provide comments at its regular business meetings and public hearings on school board deliberations, school related issues or particular topics as delineated below. This is an opportunity for the School Board to hear the thoughts of our community so the School Board members will listen to these comments but will not engage with speakers during the public participation section of the meeting. Accommodations will be provided for access barriers, including but not limited to language, ability, and assistive technology needs.

1) Regular Meetings

a) Public Participation

i) *Registration Process:*

Fairfax County and City residents, FCPS staff, FCPS students, FCPS guardians who are non-Fairfax County residents, and FCPS business partners who want to address the School Board, may register to speak by submitting a request online at 6:00 a.m. starting on the fourth business day before the next regular business meeting, or by calling the School Board office at 571-423-1075 during regular business hours of 8 a.m. to 4:30 p.m. starting on the fourth business day before the next regular business meeting. When signing up for a potential speaking slot, students will indicate if their name will be read aloud at the meeting and publicly displayed. Students who do not want their name used will check a box to opt out. Speakers who wish to submit prerecorded video testimony must register online and are strongly encouraged to submit their video at the time of registration. Speakers must identify at the time of registration whether they wish to testify live in-person, with live virtual video, or submit a prerecorded video testimony. Once an option is selected, this choice cannot be changed. The registration process closes 48 hours before the meeting.

ii) *Speaker Slots:*

There will be a total of 16 in-person, live virtual, and prerecorded video speaker slots per regular meeting. Thirteen of these 16 slots will be reserved for in-person and live virtual speakers.

Three of these 16 slots will be reserved for those speakers who wish to submit a prerecorded video.

Three of the in-person or live virtual speaker slots shall be reserved for current FCPS students. Testimony must be given directly by the student unless the student requires support.

Current students are eligible to be selected for any of the in-person, live virtual, or prerecorded video spots.

iii) *Selection of Speakers:*

After the registration process closes, speakers will be determined by a random lottery process. After the lottery or random process is complete, speakers will be notified they have received a speaking or prerecorded video spot and will be listed on the public participation list. Students are given priority in the order of speakers.

Unused prerecorded video slots do not revert to the pool of in-person or live virtual video testimony slots.

This list of speakers will be posted with the Board meeting agenda.

iv) *Speaker Waitlist:*

After the first 13 in-person or live virtual speakers are determined through the random/lottery process, the next ten (10) names as determined by the same random/lottery will be chosen as the waitlist and notified that they are on the waitlist to speak. Prerecorded video submissions will not be permitted for the waitlist. Waitlist speakers may only speak live in-person or using live virtual video, which they select at the time of registration. The waitlist will not be carried over to a future meeting. Speakers on this waitlist may fill unused in-person student or other in-person or live virtual video speaker slots, but not unused prerecorded video slots.

After speaking during the community participation portion of the regular meeting, whether giving in-person testimony, live virtual testimony, or through prerecorded video testimony, speakers may not register to speak at the next two regular meetings so that others may have an opportunity to participate. Those listed on the waitlist who were not selected to speak will be allowed to sign up to speak at the next regular meeting.

When the community participation or wait list slots are not filled prior to the start of the meeting, anyone present prior to the beginning of the meeting may sign up to fill these empty slots by approaching the Deputy Clerk of the School Board beginning at 6:30 p.m. until the meeting is called to order.

Testimony may not exceed two (2) minutes in length. The timer will be paused during interpretations for participants requiring such support or those using assistive technology. Upon request at the time of registration, Interpretation Services will be provided for speakers for whom English is not their preferred language and who will give testimony in a language other than English or who require services in another format. Speakers should submit their remarks to the Clerk in advance if possible.

For details about signing up to speak during public participation, visit: <https://www.fcps.edu/school-board/community-participation>.

b) Guidelines for Community Participation

Speaker substitutions are not permitted. A speaker may not yield their time to another individual before or during their remarks.

Speakers should be respectful and observe proper decorum in their statements, avoiding profanity, inappropriate gestures, shouting, and comments that run counter to the spirit and letter of the FCPS non-discrimination policy. Comments targeting, criticizing, or attacking individual students are not permitted during public meetings. Complaints regarding school-based employees should be directed to the appropriate school principal or other school official. Speakers should refrain from using personally identifiable information in connection with an individual student or school-based employee. All statements should be directed to the School Board, and speakers should remain at the podium until concluding their remarks.

For safety reasons, signs brought into the meeting rooms must be no larger than 8 ½ X 11 inches, hand-held, made of paper and may not obstruct the view of others or block the entrance or exit of others. Signs may not be attached to the podium.

Inappropriately loud conversations or outbursts from those in attendance will not be tolerated and security staff will be asked to restore order.

Speakers are encouraged to submit their written comments to the School Board via email or by submitting one copy to the Deputy Clerk at the meeting for distribution to the Board. All written comments submitted to the Board become part of the public record and may be included on the School Board section of the FCPS website.

c) Submission of Prerecorded Video Testimony

Submission of prerecorded video testimony is intended to provide original statements to the School Board. Therefore, videos are limited to two (2) minutes in length and must be original content produced by the submitter.

Those wishing to submit prerecorded video testimony must make their request online at the time of registration. Speakers are strongly encouraged to include valid working

links to their video testimony at the time of their registration, though these links may be submitted until 36 hours before the Board meeting. Once a video is submitted, substitutions of videos are not allowed. For detailed guidelines on video submissions, visit: **www.fcps.edu/schoolboard**.

All video testimony must adhere to the same expectation for in-person participation that speakers deliver their statements with decorum and respect. Video testimony will be reviewed prior to the regular meeting to ensure compliance with the School Board Governance manual, Federal Communication Commission regulations, and all other applicable laws. 3. Inquiries will be logged into Client Communications, with the exception of routine requests.

Constituent Inquiry – Received initially through the general Board email address

1. The School Board Office staff will forward the general inquiries to the Board members and their EAA identifying the district for which the inquiry pertains.

For questions or inquiries that will require a more significant commitment of staff time, (i.e. more than two hours), such requests should be sent directly to the Superintendent for assignment as appropriate and tracked to completion. The requests may be considered at a work session or regular meeting of the Board.

C. MEETING MANAGER ROLES AND RESPONSIBILITIES

Overview

The School Board Chair shall appoint two Board members to be meeting managers for each of the Board's monthly work sessions. These meeting managers are responsible for ensuring that the meetings' materials have been sufficiently prepared for Board consideration, with appropriate attachments, including having clear objectives or desired outcomes, respond to likely Board member questions and are posted to BoardDocs in a timely manner.

 4. Meeting managers should contact the Chair to advise if any concerns, particularly the time set aside for each agenda item three weeks in advance.
 5. Meeting managers should develop a communication plan for contacting Board members as soon as the work session material is posted to BoardDocs, which should be ten days before the work session. Meeting managers should contact all Board members prior to the meeting to solicit questions and concerns. Additionally, meeting managers should advise Board members of the objective or outcome expected for the agenda item, which should also be posted on the BoardDocs Next Steps Summary.
 6. Meeting managers, prior to the work session, will determine which manager will facilitate each section. Next steps will be taken by the School Board Office staff and will be reviewed by the Board at the end of each section.
 7. Next steps upon which the Board achieves consensus will be recorded on the School Board Motions Tracker to catalogue and document the response and/or implementation of the next steps. (See Board By-Laws, Meeting Procedures, for additional details on the Motions Tracker.)

E. GUIDELINES FOR SCHOOL BOARD MEMBER ELECTRONIC OUTREACH

Overall Requirements for Electronic Communications, Web Pages, and Social Media:

School Board members follow the FCPS Social Media Guidance for Staff (Non-Instructional Use). In addition, as a rule in all their communications, School Board members should:

1. Address topics relating to FCPS.
2. Adhere to FCPS policies and regulations, particularly those relating to electronic communications, acceptable use, confidential information, and political campaigns, such as R1367, Distribution of Fliers or Other Informational Nonprofit Organizations' Access, and Procedures for Contests and Competitions; P1503, Web Site Privacy; R4426, Schools and Employee Political Activities; R4429, Conduct and Discipline—Support Employees; R6410, Appropriate Use of FCPS' Network and Internet Resources; R7005, Management of FCPS' Internet Presence; and R7006, Management of FCPS' Intranet (FCPSnet) Presence. They also should adhere to the Fairfax County School Board Strategic Governance Manual's Code of Conduct. School Board members are responsible for monitoring their own compliance with these rules.
3. Not disclose FCPS personnel records information without consent of the employee.
4. Not disclose identifiable student information (even without a name) without the written permission of a parent (or of the student if 18 or older). Members also should not publish student work without such permission. The only exceptions to these rules are for "directory information" regarding students, such as name, photo, school, honors, and athletic information. Members may publish this type of information unless the family has "opted out." School Board members or staff should check with the student's school for information about opt-out status before publishing directory information.
5. Not disclose other information that the Virginia Freedom of Information Act (FOIA) allows FCPS to withhold from public inspection ("FOIA exemptions"). This means Board members will not disclose information prepared for or discussed or shared in a closed meeting, advice, or communications with attorneys or legal staff, safety and security plans, medical records, certain Superintendent's correspondence, certain procurement documents where release would impair FCPS's competitive position, tests, and certain Human Resources and Risk Management investigations.
6. Not use copyrighted materials, unless use of the material is permitted by the terms of the copyright, the School Board member has written permission to use the copyright, or FCPS holds the copyright.
7. Not include material regarding the School Board member's own election campaign.
8. Not include material violating any additional "fair campaign" restrictions established for the year prior to a School Board election.
9. Not include material advocating the election or defeat of any other candidate, a bond, or other ballot referendum, at any time.
10. Not include information disclosed or discussed in closed meeting of School

Board meetings.

11. Not include advice or other confidential communications with attorneys or legal staff.
12. Not disclose embargoed news announcements, emergency communications, or weather-related closing information prior to their external dissemination by FCPS Office of Communication and Community Relations.

School Board member electronic communications, including newsletters, social media communication by Board members, and web page content are subject to FOIA, and state record retention requirements under the Code of Virginia and Library of Virginia retention schedules. The newsletters, web pages, social media and similar publications of individual School Board members shall involve reasonable uses of FCPS resources so as not to adversely impact the mission of the Board as a whole.

School Board Members' Individual Web Pages Hosted on the FCPS Site

1. To enhance communications between School Board members and their constituents. Board members may wish to use their FCPS hosted webpage to provide news and information.
2. The pages may include links to newsletters or social media accounts, and information or links to sign up for the School Board member's news and newsletter.
3. These web pages and social media accounts would be official FCPS web pages, with the content controlled by each individual School Board member. They must comply with FCPS rules regarding acceptable use policy, filtering, use of FCPS devices and software, etc. School Board members are responsible for monitoring their own compliance.

School Board Members' Electronic Newsletters

1. All newsletters must contain the disclaimer: "The views contained within reflect the views of the individual School Board member who is the publisher of this newsletter and may not reflect the views of the Fairfax County School Board."
2. School Board members' e-newsletters may carry the FCPS or FCSB logo on them, even though they may not necessarily reflect the position of the school system or School Board as a whole.
3. School Board members are encouraged to use existing content generated by FCPS, including news releases, media tips, newswire, or any other FCPS published material.
4. Newsletters posted on the FCPS web site and any associated links contained within the newsletters must not contain election campaign information. School Board members may have a separate newsletter for election campaign purposes, which will not be hosted on the FCPS website, linked to the FCPS site, distributed through GovDelivery or FCPS e-mail, or prepared with FCPS resources.
5. School Board members will follow the production schedule for electronic newsletters as noted below:

This production schedule will ensure a high-quality publication and allow

School Board Member staffers time to format the newsletter and make any tweaks before publication or distribution.

Newsletters should be delivered to recipients after 5 p.m. to avoid interrupting other school communications.

Steps to publish School Board Member newsletters:

1. School Board member staffer sends the initial draft newsletter to their School Board member for review.
2. During any stage of this process, the School Board member staffer may send the draft newsletter to the Clerk's office for fact-checking, which can take up to two (2) business days to complete. School Board members are ultimately responsible for their newsletter content when they elect to forgo this review.
3. School Board member staffer addresses any requested changes and sends their School Board Member the revised draft for final review.
4. School Board member reviews for approval or makes any additional changes before sending it back to their staffer.
5. School Board member staffer finalizes the newsletter layout, utilizing the GovDelivery newsletter template, and sends to their School Board member for final approval.
6. School Board member staffer schedules the newsletter to be sent out to the community.
7. After the newsletter is sent to the community, the School Board member staffer will post the bulletin link on their School Board member's web page.

Election campaign and other personal communications may not state or imply that they reflect the views of the School Board. They may not include personnel, student, FOIA-exempt, copyrighted information, or information discussed in closed sessions.

F. POLICY DEVELOPMENT AND REVIEW

1. The School Board is the entity responsible for policy review, amendment, and adoption. Any policy may be reviewed, amended, adopted, or rescinded by the Board at any time.
2. If a member wishes to initiate policy action, the member may notify the Chair and then the entire Board of the intended recommendation.
3. The School Board office will ensure policies are reviewed by appropriate staff members at least every five years, and revised as needed, in compliance with the *Code of Virginia*:
 - a. Policies with no change, minimal change, or change in department of responsibility will be included on a no-change memo.
 - b. The no-change memo is sent to the Governance Committee for a minimum two-week review, then to the entire Board, LT, and posted on the web site for an additional two-week review period.
 - c. After the review period, an agenda item listing all the policies under review will be added to the consent agenda for the next Board regular meeting for action, unless a Board member requests that a policy be taken off of the consent agenda. Policies on the no-change memo are not listed first as new business.
 - d. A Board Member who wishes to discuss a policy from the no-change memo may ask that it be re-designated as an Action Item. If it requires further consideration, a Board member may move to refer it to Governance or to a Board work session
 - e. Once approved by the Board, the updated policies will be published on the website.
4. Policies that have been referred by the Board or the Superintendent will be scheduled for a work session discussion.

See the current versions of Policy and Regulation 1102, Development of Directives, for further information.

J. PROCESS FOR THE APPROVED BUDGET AGENDA ITEM

(related to B.8)

Agenda Format as Presented for New Business:

At the first School Board meeting in May, the required revenue and expenditure adjustments will be listed first. Then a placeholder will show the amount required to balance the budget. Based on the discussion at the budget work session that is typically scheduled in late April or early May, the Superintendent's recommendations for eliminating the placeholder will be presented.

EXAMPLE: FY 2016 Approved Budget adoption language for the main motion:

That the School Board adopt the FY 2016 Approved Budget as detailed in the FY 2016 Advertised Budget, modified by the adjustments included in this agenda item.

Agenda Format as Presented for Action:

For the second School Board meeting in May, the School Board will take action on the approved budget; the main motion language will be revised to include an omnibus motion. The omnibus motion will be a substitute for the placeholder and will include adjustments to balance the budget that the School Board Budget Chair and Vice Chair have determined have consensus. Any amendments would then be made to the omnibus motion.

EXAMPLE: FY 2016 Approved Budget adoption language for the main (omnibus) motion:

I move that the School Board adopt the FY 2016 Approved Budget, as detailed in the FY 2016 Advertised Budget, and as detailed in the agenda item to include Section I, Operating Fund Required Revenue Adjustments, with total reductions of \$10.1 million, and Section II, Operating Fund Required Expenditure Adjustments items A through D, with total reductions of \$2.5 million, and replacing Section II.E., Reduction Placeholder of \$7.6 million, with the following adjustment: reducing the 1.0 percent market scale adjustment included in the FY 2016 Advertised Budget to 0.62 percent, resulting in a savings of \$7.6 million.

Following adoption of the main motion (with or without amendments), the Board will take action with a "housekeeping motion" as follows:

I move that the Division Superintendent be authorized to take whatever actions are

necessary to implement the decisions made by the School Board relative to its FY 20XX Approved Budget; and that all policies and regulations inconsistent with the budgetary motions passed tonight are hereby modified and amended accordingly; and the Division Superintendent is to be granted authority to make all necessary minor changes and technical modifications to the budget and to salary scales to comply with the intent of the School Board with regard to its budget actions.

K. PROCESS FOR SELECTING COMMUNITY MEMBERS TO SERVE ON THE AUDIT COMMITTEE—RECOMMENDED CRITERIA AND TIMELINE (related to B.10, Audit Committee)

Criteria: The Audit Committee community members shall possess the knowledge needed to understand and evaluate FCPS's risks and controls and FCPS's internal audit activities. Skills and knowledge will be needed in areas including but not limited to: accounting, auditing, business, management, financial reporting, risk, and school district finances.

Audit Committee community members shall each:

In that case, each will be asked to sign written confidentiality agreements.

Committee Members and Terms: The Audit Committee consists of four School Board members and two community appointees. The community appointees will serve two-year terms. To allow for continuity of knowledge and skills, community appointee terms will be staggered. Mid-term vacancies of community members shall be filled as soon as possible, unless the vacancy occurs within three months of the end of the term, in which case the vacancy would be filled during the next application cycle. FCPS employees are not eligible for appointment to the Audit Committee.

Initial Appointments: One community member will be appointed for a term expiring June 30, 2016. The second community member appointment will be for a term expiring on June 30, 2017.

Subsequent Appointments: Community members will serve two-year terms ending June 30. A community member may serve a maximum of two terms. The School Board shall appoint community members in June.

Committee for further screening. The Audit Committee will recommend no more than three applicants per position to the School Board for consideration. Final selection of appointees will be determined by School Board vote at a regular meeting.

Initial Process (2015): The timeframe for School Board discussion and action, application receipt and assessment, and final appointment of two community members to the Audit Committee is recommended as follows:

- July – August: Request for applications.
- August – September: Applications screened and reviewed by the Office of Internal Audit and the Audit Committee.
- September: Community member appointments (School Board action).
- October: Community members attend their first audit committee meeting.

Subsequent Process: In subsequent years, only one committee member is appointed and the timeline is modified as follows to allow for appointment in June:

- April: Request for applications (two-week application period, with possible extension if no qualified candidates).
- May: Applications screened by the Office of Internal Audit.
- May Audit Committee meeting: Qualified applicants reviewed by Audit Committee (public meeting).
- June (1st regular meeting): Community member appointment (new business).
- June (2nd regular meeting): Community member appointment (action).
- July: Community members attend their first audit committee meeting.

If a community member has performed satisfactorily, and is both eligible and interested in reappointment, the application and vetting process may be waived. In such case, the Audit Committee will recommend reappointment of the community member by the School Board.
