KOREAN IMMERSION AT HALLEY ES!

We are seeking your input (see QR code below)! The Comprehensive School Boundary Review will cause the loss of 100-150 students at Halley ES, so FCPS is considering new programming to attract more students to Halley ES. Specifically, FCPS is considering an optional Korean immersion program, which would be open to students from across the county. This program would be modeled on the successful Korean immersion program at Colin Powell ES, and it would be the first language immersion program in the South County HS pyramid!
