

Second Quarter Homework at Dranesville ES

Grade	Language Arts	Math	Science	Social Studies
K	Take home reading will begin Nov 17th. Students will bring home a book nightly from the classroom.	Homework calendar		
1	From our homework monthly calendar: Students will continue to practice daily reading and practice reading/writing heart words based on Benchmark units for each month.	From our homework monthly calendar: Students will continue to practice current and past math concepts. Students are given games from the FCPS and all materials and are either prescribed a specific game that matches our current unit or choice in picking a previously played game to reinforce skills.	N/A	N/A
2	Students will have a monthly calendar which indicates that they should be reading nightly along with their assigned task on the calendar. Some assigned tasks on the calendar include literacy activities.	Students will have a monthly calendar with practice of current and previous math concepts such as skip counting, addition and subtraction, and estimation. We have provided each family with dice to play games that are included.	N/A	N/A
