

Sibshops

A program for students who have a sibling with a disability.

This program is open to students in grades 2-5. We also run a teen program (SibTeen) open to students in grades 6-9.

During Sibshops and SibTeen sessions, students will have opportunities to build relationships with other sibs through community building games and discussion activities.

Registration will be available through the Family Resource Center 3-4 weeks prior to each session date. Visit
