

Chesterbrook Elementary, 2026 Summer Tutoring Options

Dear Parents and Guardians,

As we wrap up the 2025–2026 school year, families have asked about summer tutoring opportunities. Below is a list of Chesterbrook staff members who are available to provide private tutoring during the summer months.

Families may contact any of the staff members listed below to discuss tutoring arrangements, including scheduling, subject areas, frequency of sessions, and fees. Please note that staff members who provide private tutoring do so as independent contractors. Any tutoring agreements are made directly between the family and the staff member.

[The FCPS Family Resource Center](#) also maintains a current list of FCPS staff who are available for private tutoring. Families may request this list by completing the [Google Form](#) on the FRC Tutoring webpage.

In addition, FCPS partners with **Varsity Tutors** to provide free academic support for all students and families. Through Varsity Tutors, students can access:

- Weekly live online classes
- 24/7 on-demand chat tutoring
- Essay review and editing support
- Recorded lessons and study resources
- Practice problems and diagnostic assessments

To learn more about these free online tutoring services, [visit the FCPS Varsity Tutors webpage](#).

We hope these resources help support your child's learning throughout the summer.

Staff Name	Staff Email	Grade Levels to tutor	Subjects to tutor	Type: virtual or in person	Additional trainings and notes
