and Resilient
Individual

Ethical and
Global Citizen

Build a fort using household materials with a friend or family member.

Create a "Family Choice Jar" for activities or meals and listen to everyone's suggestions as you add them.

Create a "museum" display or video of your favorite summer memories.

Try making something to share with a friend or neighbor in need.

Give 3 compliments to different people. Share with them how they make the world a better place.

Help plan a family outing that includes a budget.

Write a letter or card for a new student to our school. Bring it with you to turn into the office!

Build the tallest tower you can using only paper.

Pick a book you have been wanted to read. Make a plan to read it this summer!

Turn off your lights and electronics when they are not being used to conserve energy.

Work with friends to plan a neighborhood clean-up.

Try a new fruit or vegetable and describe it.

YOUR OWN
CHOICE

Drink water throughout the day and track your progress for one week.

Learn 5 new words or phrases in another language.

Make a collaborative mural or sidewalk chalk masterpiece.

Start a gratitude journal and add a new entry every week!

Invent a new ice cream flavor and design the packaging.

Solve a daily puzzle, riddle or brain teaser for a week. Stick with them even if they are hard.

Read or listen to a book with a character whose experiences are different than your and discuss their perspective.

Interview 3 people older than you about a summer memory.

Visit a historical site or landmark. Ask questions that help you understand why it is important.

Design a new school mascot or spirit item with a friend or classmate.

Create a fitness challenge and complete it as a family or with friends.

Learn about a tradition celebrated by another family or culture.

Grade

NAME

Bring your completed board to Open House for a prize!
