

Family Handbook

2026-2027

Fairfax Villa Elementary School

10900 Santa Clara Drive

Fairfax, VA 22030

Office Hours: 8:30 a.m. - 4:30 p.m. Monday – Friday

School Hours: 9:00-4:00

Office Phone: 703-267-2800

Clinic Phone: 703-267-2810

Cafeteria Line: 703-267-2821

Absentee Line: 703-267-2828 [Absence Webpage](#)

School Hours

Grades K-6 9:15 a.m. - 4:00 p.m.

AM Preschool 9:10 a.m. - 12:30 p.m.

PM Preschool 12:40 p.m. - 4:00 p.m.

PAC M/W/F: 9:10-4:00 T/Th: 9:10-12:30

Students should not arrive before 9:00 a.m.

AM Kiss and Ride car line: doors open at 9:00 a.m. and the line closes at 9:12 a.m.

PM Kiss and Ride car line: doors open at 4:00 p.m., and the line ends at 4:10 p.m.

Welcome to Fairfax Villa Elementary School! The staff welcomes you to an exciting and rewarding school year. This family handbook has been prepared for you in order to allow you to familiarize yourself with our procedures and student expectations. **Please read it carefully.** We hope that you have a wonderful school year!

Topic	Procedure
Absences	It is important for children to be in school unless they are ill or there are unavoidable circumstances. We encourage vacations during school breaks. If taken while school is in session they will be marked unexcused. Parents/caregivers will receive a message explaining the importance of attendance when their student has an unexcused absence for more than three days. For safety reasons, we ask parents to report their children's absences to the school on a daily basis. To prevent our school lines from being busy with calls each morning, parents should call the school absentee line (703-267-2828) or use the link below to report an absence. The attendance line is available 24 hours a day and absences need to be reported by 9:30 a.m. Any absence not called in by 9:30 a.m. will be recorded as unexcused. The status will be changed once verification is received from the parent/guardian. Use this online link to report absences in ParentVUE: Attendance Form. Please use this link for full-day absences only. Contact the school directly for late arrivals, early dismissals, or multi-day absences. For FCPS attendance related policy and other information please visit Attendance Regulations.
Advanced Academics Program Overview (AAP)	Fairfax County Public Schools (FCPS) is committed to challenging all students through talent development efforts and differentiated instruction to meet the needs of advanced learners. FCPS offers a continuum of advanced academic services for all students in Grades K-12. The continuum of services approach recognizes unique student needs and focuses on matching services, not labeling students. Through the continuum, students have: • Multiple entry points for deeper learning opportunities in specific areas of need as they develop. • A cluster group of students with similar academic needs to continue growing in their learning. Teachers, Advanced Academic Resource Teachers (AARTs), and school administrators work together to provide the following levels of service at the elementary level: Access to Rigor, Grades K-6 All students have opportunities to think critically, reason, and problem-solve.

- All teachers use critical and creative thinking strategies in their lessons.
- Classroom teachers provide opportunities using materials from the AAP Curriculum Framework a minimum of once per quarter.
- Because Access to Rigor is for all FCPS students, there is not a screening process.

Subject Specific Advanced Differentiation, Grades K-6

Some students are strong in a specific subject area. Classroom teachers may adjust instruction for students in these area(s) by:

- Providing different assignments and resources in those subjects,
- Grouping students by their strengths, interests, and readiness, and
- Providing additional challenges using materials from the AAP Curriculum Framework.

Student needs for subject specific differentiation are re-evaluated each year at the local school.

Part-Time Services, Grades 3-6

Some students have advanced academic needs in multiple subject areas in addition to specific subject differentiation. They need Part-Time AAP services.

- Students work with other students that have similar academic needs through weekly pull-out classes or weekly co-taught lessons with the AART and classroom teacher.
- Teachers provide frequent opportunities to use materials from the AAP Curriculum Framework in Language Arts, science, social studies, and/or mathematics.

Part-time services continue through Grade 6. Students do not need to be evaluated each year.

Full-Time Services, Grades 3-8*

Some advanced learners need a full-time advanced academic program with differentiated instruction in all four core content areas (Language Arts, mathematics, social studies, and science). Students eligible for full-time AAP services are cluster grouped on a full-time basis and receive:

- Full-time use of materials from the AAP Curriculum Framework in Language Arts, mathematics, science, and social studies, and
- Curriculum that is differentiated through acceleration, depth, and complexity of content.

Full-time services continue through Grade 8. Students do not need to be evaluated each year.

We are pleased to be continuing our Fairfax Villa Local Full-Time services this year with **grades 3 through 6**.

Young Scholars

The FCPS Young Scholars model seeks to identify and affirm, from an early age, students with high academic potential from groups historically underrepresented in advanced academic programming. The goal of the model is to eliminate barriers for Young Scholars' access to and success in advanced academic opportunities in elementary, middle, and high school.

Twice-Exceptional (2e)

Some gifted students with advanced learning needs may also have a learning disability. Twice-exceptional (or "2e") students need strengths-based instruction while receiving advanced programming. The FCPS continuum of AAP services provides multiple entry points to meet student needs while also supporting their learning challenges. FCPS has created a 2e handbook to help schools and families understand how to identify and serve 2e students. You can find these resources by going to www.fcps.edu and searching "2e."

Screening for Advanced Academic Program Services

Multiple data points are reviewed holistically to determine eligibility for all FCPS advanced academic services. Committees consider student work from opportunities with AAP lessons, examples of student reasoning or gifted behaviors from class discussions and activities, progress reports, achievement and ability scores, and parent input. Committees consider whether students have access to a group of students with similar academic needs to support academic conversations and growth in the classroom. No pieces of the data are weighted in the holistic screening process.

Eligibility decisions for subject-specific advanced differentiation and part-time services are made by a committee at the local school, and screening is ongoing throughout the school year. To refer for subject-specific advanced differentiation and part-time services, submit the AAP School-Based Referral Form to the AART at the local school.

Eligibility decisions for Full-Time services are made by the countywide central selection committee.

	Screening for Full-Time services occurs during specific screening cycles: • Fall screening is available for students who are new to FCPS since January. ◦ The fall screening referral window is from the first day of school - October 15. • Spring screening is available for any Grade 2-7 FCPS-enrolled student. ◦ The spring screening referral window is from the first day of school - December 15. Please do not wait for test scores before submitting a referral for your student in Grades 2-7. Referrals submitted after the Full-Time services referral windows noted above will not be accepted. Referral forms for all advanced academic program services are found at https://www.fcps.edu/node/38893. For more information, please visit the FCPS AAP website. Ability Testing FCPS uses ability testing as one consideration in the holistic identification process for AAP services. • All students in Grade 2 take the Naglieri General Ability Test (NGAT). • Students in Grades 3-6 who do not have a multi-domain ability test score take the NGAT. • Students in Grades 3-6 may retake an ability test one time. Families may request the ability test retake by contacting the School Testing Coordinator by September 30.
Band and Strings	Students who participate in the Band or Strings Program must be in the upper elementary school grades: Strings - grades 4, 5 and 6; and Band - grades 5 and 6 only. Oversized instruments will not be allowed on school buses and parent transportation is required. Please keep that in mind when selecting an instrument.
Behavior Matrix	At Fairfax Villa, we use a schoolwide Behavior Matrix to teach, model, and reinforce the positive behaviors that help every student succeed. The Behavior Matrix clearly outlines our expectations in all school settings, providing students with consistent guidance on how to be respectful, responsible, and safe. Just as we explicitly teach academic skills, we also teach behavioral and social-emotional skills because they are essential for creating a positive learning environment.

Below you will find a copy of our Behavior Matrix to reinforce with students in the home setting.

FAIRFAX VILLA DRAGONS USE THEIR WINGS TO SOAR							
	CLASSROOM	HALLWAY	CAFETERIA	RECESS	BATHROOM	TECHNOLOGY	BUS
S SELF-CONTROL	 Raise your hand Follow directions	 Voice level 0 Calm body, eyes forward	 Voice level 2 Remain in your seat	 Body to self Use kind words	 Voice level 1 Use supplies correctly	 Use as directed from teacher Use only for school purposes	 Voice level 2 Remain seated
O ON-TASK	Stay focus and engaged Limit distractions	Take shortest route Focus on where you're going	Talk only with table mates Focus on eating	Stay in teacher view Line up quickly	Flush, wash, leave Leave belongings in hall	Remove distractions Use time wisely	Keep belongings in backpack School appropriate conversations
A ACT SAFELY	Keep hands and feet to self Use materials appropriately	Carry belongings properly Use walking feet	Do not share food or drink Walking feet	Use equipment correctly Listen to adults	Report problems to adults Wait quietly for buddy	Keep away from food and drink Carry with two hands	Report problems to an adult Listen to patrols
R RESPECT	Keep your space neat Use kind words	Maintain personal space Be mindful of others	Clean up your area Use table manners	Include others and take turns Be a good sport	Give each other privacy Throw away trash	Think before you type Take care of your device	Speak kindly Keep the bus clean

Bike Guidelines

Bike riding to school is limited to "walking" students and a helmet is required. Please be sure to secure your bike with a proper lock when you park it outside Door 2. **Roller blades, skateboards, and roller skates are not allowed on school grounds.**

Birthday Celebrations

Due to the prevalence of allergies and sensitivities in our student population, we do **not** allow food treats to be given out in class or the cafeteria for birthdays. There are other ways to recognize and celebrate a child's birthday and we encourage consideration of one of those. Donating a book to the classroom library in honor of the birthday celebrant or sending in an educational goodie bag (no food/candy) for each class member are ideas certainly worthy of consideration. The child will be recognized on the morning news broadcast.

Invitations to parties are not to be distributed at school. The office is not allowed to give out any student contact information.

School-wide or class-wide celebrations are not allowed during the school day.

Bus Guidelines [FCPS Bus Service Website](#)

Bus stop information is communicated electronically to families the week before the opening of school in August from the Transportation Office.

	Students are to use the closest bus stop to their home for pickup and drop-off. If you are unsure about where students' bus stops are, be sure to check ParentVUE for the correct information. Pickup time is approximate. Transportation advises parents to arrive at least 5 minutes before the designated time. Parents are asked to remind students to be conscious of good behavior at bus stops. Not all bus stops will have safety patrols. When a patrol is assigned to a bus stop, they should arrive approximately ten minutes before the expected bus time. There is no need for other students to arrive before the patrol. All students should cooperate with safety patrols and be considerate of community members' property. Kindergarten students who ride the bus in the afternoon are to be <u>met at the bus door</u> and asked for by name by a parent, parent designee, guardian, or a responsible middle school age or higher sibling. Children will be returned to school if the driver has concerns for their safety or is not met by an adult or older sibling.
Bus Cards and Navigation System	Beginning this school year, every FCPS student will receive a student identification (ID) card as part of a divisionwide effort to modernize school transportation, improve communication with families, and strengthen student safety while traveling to and from school. The new transportation system includes upgraded mobile tablets to improve route navigation. Starting during the first few weeks of school, every student who rides a school bus will use their ID card to tap when boarding and exiting the bus. These simple taps will help the FCPS Office of Transportation (OTS) know which students are on which school buses, improving safety and efficiency for one of the largest public school bus operations in the country. The student ID cards are an important part of how the new bus navigation system will work. When a student taps onto a school bus, the system checks them in on that bus. The system does not track the student's location; it tracks the location of the school bus that they have tapped onto. As the student exits the bus, they tap themselves out. If a student forgets or loses their student ID card, bus drivers can use the tablets to manually check-in and check-out students when they board and exit the bus. Families will be encouraged to contact their school right away to get a replacement student ID

	card should this be the case. Students who do not typically ride the school bus will still receive an ID card. Please contact the FCPS Office of Transportation with any questions.
Cafeteria	Our cafeteria operates under the National School Lunch Program. Milk is served with each lunch or may be purchased separately. Students are welcome to bring a "home-packed" lunch to school. However, no glass containers or carbonated beverages are permitted. We discourage fast foods and soft drinks at school. We want to encourage students to make healthy food choices. Breakfast is available for purchase in the cafeteria prior to the start of school each day. Sharing of food is not allowed due to medical conditions and allergies. You may view the month's lunch menu online by visiting the lunch menu. Parents and students must plan together to be sure students have necessary money on their lunch account. If a student does not have enough money on his/her lunch account, the child will receive a lunch and will be expected to reimburse the school as soon as possible. The meal account is used like a debit card. You may add any amount and designate what can be purchased. You may send in payment with your child or pay online using https://www.myschoolbucks.com.
Communication	Effective communication between the home and the school is vital to a successful school experience for each child. So that parents may know when to expect written communications, the school administration has designated Wednesday as the day when you may receive hard copies of information or student work. Parents are encouraged to contact the school promptly with any questions regarding their child's progress or school procedures. It is very important that parents promptly return to the school survey forms, field trip permission slips, and other requested information. Staff members can be reached by email, Talking Points, or telephone. Please be advised that teachers may not be able to respond right away during school hours.
Conferences with Teachers	Parent-teacher conferences are considered to be an integral part of the school program and are strongly encouraged. A conference will be scheduled near the end of the first grading period to discuss student progress. Additional conferences may be arranged by contacting the teacher directly.

Countywide Testing Program	Several tests are administered in Fairfax County's elementary schools each year. Standardized tests are commercially developed tests that are used in many school systems nationwide. The State of Virginia has implemented tests. Parents will be notified of all dates for testing. Please do not schedule appointments during testing that require children to be tardy or absent from school. For more information you may reference: https://www.fcps.edu/student-testing-and-assessments
Early Pick Up from School	When a student is to be picked up during school hours, a note, email signed by the parent or guardian must be submitted to the teacher on the morning of the day the student is to leave early, except in emergencies where this notice is not possible. We will not release students to any adult other than the parent/guardian or persons listed on the emergency care form. We ask you to communicate with your student(s) about dismissal plans before their morning arrival. The parent or person designated in the note to pick the student up should report to the office with an ID and will sign the student out. The student will be called out of the classroom and meet the person picking him/her up in the office. Students cannot be called down to the office before the adult arrives at the school. Please time your arrival accordingly.
Early Release Mondays	Woodson Pyramid Dates: September 30 November 18 January 13 April 7 For more information about 3 Hour Early Release Wednesdays please reference this link: Three-Hour Early Release Fairfax County Public Schools
Emergency Information	Please notify the school immediately if there are any changes in your address, telephone number, diagnosed allergies, or emergency contact person. If you are going on a trip, a limited power of attorney for medical services is advisable and should be left with the guardian of your children. Emergency care cards must be kept up to date. Please only add people as your emergency contacts who are in the area and are willing to come to school to pick up a sick child. Parents may use the Online Verification Update (OVU) packet in their Parent SIS to make these changes to the emergency contact.
Family Liaison	Family Liaisons serves as a vital bridge between home, school staff, and the community. They help families understand school

	culture and policies, connect them to local human services, arrange language interpreters, and empower parents to actively engage in their children's academic and social success. Please contact the school if you would like to connect with our Family Liaison.
Family Trips	Student absences due to a family vacation are not recognized as excused by FCPS. Our attendance recorders must follow Regulation 2234.13. Excused Absences: Examples of an excused absence may include, but are not limited to, the following reasons: illness (including mental and behavioral health illnesses), injury, funeral, legal obligations, medical procedures, suspensions, religious and cultural observances not listed in Section E, military obligation, deployment of a military family member, or visit from a family member who has immediately returned from deployment, emergency conditions in the student's home which require temporary help from the student to care for a sick or injured family member, civic engagement (one school day per year), or other reason deemed acceptable by the principal. Teachers are not required to prepare homework in advance for a family vacation and we strongly recommend accessing online programs daily such as ST Math and Lexia via Schoology on your own devices.
Field Trips	A field trip that coordinates with a curriculum area may be scheduled for your child's class during the school year. Each child who participates in the field trip MUST have a signed permission slip otherwise they will not be able to attend the field trip.
Free and Reduced-Price Lunches	Applications for free or reduced-price lunches are accessible at fcps.edu/frm. All requests remain confidential. Guidelines prescribed by the Federal Government are applied.
Grading and Reporting	Access this link for detailed information about Fairfax County Public Schools Elementary grading and reporting. Progress Reports Progress reports are issued four times a year. Families who opted for paperless progress reports may view reports on ParentVUE SIS. After reviewing your child's progress report, you must sign the appropriate place on the envelope and return it to your child's teacher. If you wish to request a

	conference with your child's teacher, check the box that says "Conference Requested" next to your signature. Interim Reports Interim reports are sent home in the middle of each marking period to the families of students who are identified as needing improvement or to note progress needed in particular areas.
Health Examinations and Immunizations	A child who is entering Fairfax County Public Schools is required to have had a physical examination within one year prior to entering any school. Kindergarten physicals can be no earlier than 12 months prior to the date of entry. A certificate of physical examination signed by a licensed physician must be presented. Proof of certain immunizations by the physician is also required. Minimum requirements can be found here. Any exceptions to immunization or physical examination requirements must be supported by a written statement from a licensed physician. In the case of conflict with religious tenets, a notarized Certificate of Religious Exemption Form should be completed and submitted to the main office. Students in all grades are encouraged to have a yearly dental examination. The school, through the cooperation of the Health Department, provides various health services, including vision and auditory screening for children new to Fairfax County, kindergarten, or third graders.
Health Insurance	Information regarding affordable health insurance for students is available online at www.coverva.org or 1-833-522-5582
Health Services	Fairfax Villa School provides the services of a School Health Aide during the school day. This person is employed through the Health Department and works under the guidance of a Public Health Nurse. The Public Health Nurse is a registered nurse who works with parents and the school to develop health plans and make necessary accommodations for students whose health requires special provisions.
Hearing Therapist	The services of a hearing therapist are available to our school on an itinerant basis if a student is identified as deaf or hard of hearing.
Homebound Instruction	Homebound instruction may be available if a student is unable to attend regular school sessions over a long period of time because

	of extended illness or injury. For more information, please contact the school's social worker.
Homework	<u>Regulation 3205 states:</u> It is recognized that students vary significantly in the amount of time they need to complete given assignments. Teachers should estimate the amount of time the average student would require to complete an assignment. In general, homework across disciplines should not exceed 0.5 hour in kindergarten through grade three, 1 hour in grades four through six, 1.5 hours at the middle school level, and 2 hours at the high school level. Long-term projects may require additional time. Teachers should adjust daily homework assignments accordingly.
Kiss 'n' Ride	In order for the Fairfax Villa staff to ensure a safe environment for all children, we ask that the following drop-off and pick-up procedures be followed by all families. Our Kiss 'n' Ride line is located by Door 8 which is located on the side of the building next to the parking lot. We appreciate your cooperation in keeping all children safe. Morning Drop-Off Procedures • Drop off begins when doors open at 9:00 AM • Drop off ends when doors close at 9:12 AM • Due to safety concerns and gridlock during morning arrival and afternoon dismissal, parents/guardians will not be permitted to turn left when there is traffic from Santa Clara Drive to enter the Kiss and Ride lot. • If you choose to drive your student to school, please go through the Kiss 'n' Ride line. The recent traffic safety assessment emphasized the importance of NOT parking and walking students up to the building due to safety concerns for our walkers and the school community. • Kiss 'n' Ride cars will line up on the westbound side of Santa Clara – coming from either University Drive or Bellavia Lane. That line will turn right from Santa Clara Drive into the Kiss 'n' Ride Lot. • When entering the parking lot for the Kiss 'n' Ride line, please do not block the crosswalk. • Enter by the staff parking lot, proceed to the rear of the school, and turn in the loop. • As you enter the Kiss 'n' Ride loop, remind your child to unbuckle their seat belt. • Pull as far forward as possible. School staff and the trained patrols will assist you. • Do not drop your child off if there is no staff member present at Kiss 'n' Ride. You must line up and wait at the starting location until a staff member is in position at Kiss 'n' Ride to

receive your child. Otherwise, this creates a dangerous situation where your child is on the school grounds unsupervised. There are no exceptions.

- Students exit their vehicle on the **right passenger side only**. The driver **must not get out** of the car. The left door should always be closed for safety purposes. If, for any reason, your child must exit from the driver's side, please work with school personnel for a modified drop off. Special accommodations are in place for those students who do not have the physical capacity to walk.
- After dropping off your child, proceed to exit the Kiss 'n' Ride line carefully. Use extreme caution as walkers will be crossing at various times in a designated crosswalk. A staff member will use a stop sign to halt traffic when walkers are present.
- **Parents arriving after 9:12 a.m.** must park and escort students to the main office to be signed in by a parent. Please do not drop students off when there are no staff outside to receive them.

Afternoon Pick-Up Procedures

- Pick up begins at 4:00PM
- Parents should not line up before 3:50PM
- Due to safety concerns and gridlock during afternoon dismissal, parents/guardians **will not be permitted to turn left** from Santa Clara Drive to enter the Kiss 'n' Ride lot.
- Kiss and Ride cars will line up on the westbound side of Santa Clara – coming from either University Drive or Bellavia Lane. That line will turn right from Santa Clara Drive into the Kiss 'n' Ride lot.
- When entering the parking lot for the Kiss 'n' Ride line, please do not block the crosswalk.
- All cars should **move up as far as possible** along the sidewalk so that we may get as many cars loaded as possible. Please do not stop directly in front of your child as this will delay all of the cars behind you. Pull up as far as an adult directs you.
- Children may only enter their vehicle from the **right side of the vehicle**. The left door should always be closed for safety purposes, especially during dismissal time. The driver **must not get out** of the car. Special accommodations are in place for those students who do not have the physical capacity to walk. Ensure that your child wears a seat belt.
- Proceed to exit the Kiss 'n' Ride loop carefully.
- To exit the Kiss 'n' Ride line, cars may turn either right (to go westbound toward Alta Vista Drive) or left (to go eastbound toward Bellavia Lane).

	Please make sure to pick up your child by 4:10 p.m. Parents arriving after 4:10 p.m. must park in the side parking lot, walk to door 1, ring the bell to enter and go directly to the main office to sign the student out.
Library Media Center	Our school library media center is an integral and influential part of the total educational program. This facility contains a large collection of books for pleasure reading and research as well as magazines, resource files and more. In the library, students engage in learning experiences that encourage them to inquire, collaborate, curate and explore. The checkout period for a book is three weeks. A book may be renewed if the child has not finished reading it. Overdue books create a hardship on classroom teachers and other students; please encourage your child to be a responsible user. Students may reserve a book online by going here and logging in with their FCPS credentials. We appreciate lost books being paid for so that we can replace them.
Literacy Team	The literacy team is composed of the reading specialist, reading resource, and school librarian/media specialist. The reading specialist is responsible at the school-level for implementation of the requirements of the Virginia Literacy Act (VLA). Per the Virginia Literacy Act, the reading specialist in consultation with classroom teachers coordinates and oversees the intervention for students not meeting literacy benchmarks, and supports and monitors student progress on student reading plans, working closely with families and teachers. The literacy team also provides professional development, assessment support, as well as collaborating with teachers across the school and with districtwide teams to provide all students evidence-based instruction that aligns with science-based reading research through the coordination of Multi-Tiered Systems of Support (MTSS) within the school for identified learners. For more information about science-based reading instruction and what the VLA means for students and families, please see this video from the Virginia Department of Education. The reading resource teacher also provides diagnostic support as part of the MTSS system within the school and implements evidence-based intervention instruction for foundational literacy needs guided by student data in order to support closing student achievement gaps in literacy. The school librarian/media specialist provides support to the literacy team by practicing an inquiry-based approach to student learning focused on critical thinking, information, and research skills, and ensures student access to books and informational texts. As a team, these individuals collectively support the language arts program of

	studies, which includes reading skills such as fluent and accurate word recognition and language comprehension skills; writing skills such as foundational letter formation and spelling skills and writing composition skills; and oral language skills such as listening and speaking. Together, the team develops understanding of literacy needs and literacy development with parents and the community and supports school initiatives to promote reading at home.
Lost and Found	All found articles will be placed in the lost and found area in the cafeteria. Students may claim these before and after school hours. Please label all items of clothing belonging to your child so that they may be returned if lost or misplaced. All articles not claimed are given to a charitable institution several times during the school year.
Medication Administration	When medication must be administered during the school day, please follow the guidelines established in the current version of FCPS Regulation 2102: • Complete the FCPS Medication Authorization forms. Please ensure to have your health care provider complete the updated FCPS Authorization for Anaphylaxis Action Plan (SS/SE-64) for epinephrine or FCPS authorization for Virginia Asthma Action Plan form (SS/SE-65) and Virginia Asthma Action Plan for asthma rescue medication. At the beginning of each school year a new medication form is required. Forms are in the health room or online at https://www.fcps.edu/registration/forms. • Provide the school with properly labeled containers (your pharmacist will usually provide an extra container if you request it). Only a 30-day supply of medication should be brought into school at a time. • Medications must be transported to and from school by a parent/guardian. • Medications must be kept in the school health room or other school-approved location unless approved for the student to carry it during school hours. If a student carries their own medication, a backup may be kept in the school health room. • OTC medications that are pain relievers (for headache, muscle ache, orthodontic pain, or menstrual cramps) may be given as needed throughout the school year with only the parent's or guardian's signature on part II of the FCPS Medication Authorization form. No more than 100 pills/tablets of OTC medication should be brought to school

	at a time (must be in unopened original container/packaging). • OTC medications that are given for other symptoms may be given up to ten consecutive school days with the parent's or guardian's signature on the FCPS Medication Authorization form before a health care provider's authorization is required. • Cough drops and throat lozenges may be carried and used by students in kindergarten through grade 12 as needed throughout the school year, provided that they are in the original container or packaging. Students must not share cough drops or throat lozenges under any circumstances. There are multiple medication authorization forms available: Medication Authorization, Epinephrine Authorization, Diabetes Medical Management Plan (DMMP), Virginia Asthma Action Plan (VAAP), and FCPS Authorization for Virginia Asthma Action Plan. All forms should be the latest version available. All medications must be accompanied by the appropriate and completed forms to be accepted and administered. Return any incomplete or incorrect forms and medication containers/packaging to the parent/guardian. Handwritten notes in lieu of the required paperwork from the parent/guardian are not acceptable.
News You Choose	Each week, our school sends home an electronic newsletter to parents. Please take the time to read the items in the newsletter and to make note of special events that are announced. PTA information is also included for your convenience. To sign up to have News You Choose delivered to your email, visit our School Website News You Choose page. These newsletters may also be found on our school website at Fairfax Villa Site.
Parent's Rights/Custody	If there is any legal documentation (custody orders) signed by a judge which restricts access to your child or his/her records, please be aware that we are only able to enforce such orders if we are provided with a copy. Otherwise, FCPS regulations require us to assume joint custody with equal access/parental rights. For more information please visit the FCPS Parent Rights website.
Physical Education Program	Students should wear tennis or gym shoes for physical education. Athletic balls and other play type equipment should not be brought to school from home as they can create issues on school buses and walkways. Students unable to engage in the physical education program must have a note from their parents or a doctor citing specific limitations.

PTA	The Fairfax Villa Elementary School PTA is a member of the local, state, and National Parent Teacher Association. The goals of the PTA are to encourage involvement of the community with the school, administrators, and teachers to broaden the scope of the school's offerings through fundraising to provide additional programs and enrichment materials, and to serve as a network of communication between parents and school personnel. Parent involvement with the school, either in the classrooms or library, or more indirectly through support of PTA activities, enriches the school experience for all of our children. Many volunteer hours are needed to maintain the kind of organization which will enable the community and school system to work together for the benefit of our children. We urge you to join in this effort. In addition to the active volunteer program, opportunities for involvement with the school are also available through membership on the various PTA committees. If you are interested in joining a committee, please click here or contact villapta@gmail.com for more information.
Safety Patrols	The purpose of Fairfax Villa's safety patrol program is to ensure the safety of students at street crossings, on the buses, and in the halls of the building. Students from grades five and six are selected to serve as patrols. Participation in this program develops leadership skills and encourages responsible behavior. The safety patrols are sponsored by a school staff member who is assisted by the Fairfax County Police Department. Agreement to participate represents both a parent and student commitment to provide safety direction for the entire year. Failure to meet behavioral expectations in the SR&R will result in losing the privilege to be a Safety Patrol for a certain timeframe. It is best practice for parents to reach out to the school to be in touch with the staff who are leading this program (PE Teachers) and inform them of any medical conditions due to additional activities and celebrations that can occur.
School Delays and Closings	WHEN SCHOOLS ARE CLOSED FOR THE DAY, the following will APPLY: • All extracurricular activities, interscholastic contests, team practices, field trips, and non-school activities in school buildings will be canceled. • Recreation programs will be canceled. • School-age child care centers will be closed all day. WHEN SCHOOLS ARE OPENED TWO HOURS LATE, the following will ALSO APPLY:

	• Grades K-6 M - F 11:00 a.m.– 4:00 p.m. • Early Childhood Class Base (ECCB) - o AM cancelled - o PM starts at their usual time • Preschool Autism Classroom (PAC) - o M - F 11:00 a.m. - 4:00 p.m. - o SACC centers open at 8:00AM for students enrolled in the before school session. WHEN SCHOOLS CLOSE TWO HOURS EARLY, the following will ALSO APPLY: • The announcement will be made by 11:00 a.m. • In order to relieve confusion when school is closed two hours early, the following changes have been made: - o Grades K-6: 9:00 a.m. – 2:00 p.m. Early Childhood Class Base (ECCB) Preschool Autism Classroom (PAC) - o SACC centers will remain open until the children are picked up. (Parents may be required to arrange for early pick up when necessary.) - o Extracurricular activities will be canceled. Please listen to the radio or TV for announcements. DO NOT CALL THE SCHOOL. If no announcement is made on a given day, the school will operate on a regular schedule. Excessive heat, snow emergencies, and other weather related happenings can change normal school hours. Please ensure that your child has a prearranged place to go in the event that you are not at home when schools are closed and ensure your child's Emergency Care Card is updated appropriately.
School Enrollment	Student Admission New students may be registered in the main office by appointment with the school registrar. The parent must complete a registration packet and present the following documents: birth certificate, verification of residency, record of immunization, and report of physical examination. Transfer information including IEPs or progress reports from the previous school, if available, should also be presented. In some cases, families may be asked to complete registration at a FCPS Student Registration Welcome Center. For more information on enrollment or the new Online Registration option, please visit FCPS Registration. Student Withdrawal

	When a child is to be withdrawn from school, please use the FCPS Withdrawal Form. Please notify the school 5 school days in advance so that necessary reports and transfer slips can be prepared. Under Virginia State Code 22.1-254 we are required to withdraw students after fifteen (15) consecutive full-day absences regardless of the reason. Kindergarten Enrollment If age five on or before September 30th of the current year, students must either attend kindergarten or notify the School Board of intent not to attend. A child who does not reach his/her fifth birthday by September 30th of that school year is ineligible by Virginia law to enroll in public kindergarten.
School Program	The goal of Fairfax Villa's instructional program is to meet the educational needs of the individual child. Basic skills and responsible behavior are stressed and creative expression is encouraged. The core curriculum for each grade level and subject area is outlined in the Fairfax County Program of Studies (POS). Teachers use a variety of instructional strategies and materials to promote student mastery of appropriate Program of Studies (POS) objectives. They plan and work together to assure consistency at each grade level. The purpose of the POS is to identify the basic objectives for all students in each curriculum area. These priority objectives provide the foundation or core of the program, grades K-6. The basic curriculum is a tool for planning, monitoring and evaluating students' work on a continued progress basis. The AAP and Special Education staff work closely to ensure that 2e students in advanced academic programs are provided with accommodations, specialized instruction, modifications, and/or services, as detailed in their IEP or 504 Plan in a variety of academic settings in response to the student's individual needs. Fairfax County Public Schools offers a continuum of advanced academic services for K-12 students. The continuum builds upon the students' individual strengths and skills. AAP seeks to maximize the academic potential for all learners. For more information about our AAP program, please visit our AAP page on our school website.
School Psychologist	Our school is served by a school psychologist who is based at the Central office and works with several schools. The psychologist is

	available for consultation, conferences, and testing (as approved by the Local Screening Committee).
School Safety and Security	As a parent/guardian or concerned citizen, please call the School Security Monitor, 571-423-2000, accessible 24 hours a day. If you see suspicious activities at our school such as persons on the school roof or writing graffiti, give the name and location of the school and a description of what is happening. It is not necessary to give your name; the School Security personnel or police will investigate.
School Safety Procedures (Visitors)	All of our doors will be locked after the children enter in the morning and remain locked for the duration of the instructional day. Parents and visitors can gain entry to the building through the front Door 1 entrance. On the adjacent wall there is a remote access camera/speaker and doorbell. Please use the doorbell and wait to be "buzzed" into the secure vestibule and ring the second doorbell to be "buzzed" into the building. The office will maintain a central sign-in area for all visitors (including parent volunteers, substitute teachers, and other guests). Guests must sign in by using the Raptor system. All visitors must bring their driver's license or valid ID for signing in and wear a visitor sticker or a badge as long as you are in the building. Prior to leaving, the guest must sign out in the main office.
Schoology	Another way to communicate with your child's teacher is through Schoology. All parents can log into Schoology at https://lms.fcps.edu/ using the same username and password that you have set up for your SIS/ParentVUE account. If you do not yet have a SIS/ParentVUE account, please submit a Parent Support Request .
SIS ParentVUE	ParentVUE activation letters will be mailed home at the beginning of the school year. It is important that you activate your SIS ParentVUE account immediately, as this is where you can access information about your child's attendance, student ID number, course history, certain test results, progress reports, and emergency care information. Use this link to read an overview of what SIS ParentVUE offers: ParentVUE Link If you require your activation letter prior the beginning of the school year please contact the main office.
Social Worker	Our school is served by a social worker who is based at the Central office. The social worker interviews parents of students who are being considered for special programs and investigates situations which necessitate a home visit, such as excessive absences.

Special Education Teachers	Our school has the services of full time Special Education teachers who work with students who are eligible for special education services as a child with a disability. A child's participation in this program is based on extensive evaluation and must be approved by the school's local screening committee and the eligibility committee. A variety of levels of services are available.
Speech Therapists	We have the services of speech therapists who work with students who have identified speech impairments in articulation, language, fluency and voice disorders.
Staff Appreciation	Staff appreciation, baby showers, etc., should be modest, non-intrusive to other parents, and safe for students. We are asking that each family show their appreciation in their own way.
Stray Pets	Parents should make sure that pets do not follow children to school. Safety precautions require that the Animal Rescue League be called to pick up any stray animals on the school grounds. For health reasons, pets are not to be walked on school grounds.
Student Council Association	The students in grades 1-6 have an opportunity to participate in self-government through the Student Council Association. SCA officers will be elected each year from fifth and/or sixth grade and serve for the school year. The officers, classroom representatives, and committees meet regularly and are involved in many aspects of the school program. The SCA is sponsored by school faculty members and the school administration. It is best practice for parents to reach out to the school to be in touch with the staff who are leading this program and inform them of any medical conditions due to additional activities and celebrations that may occur.
Student Personal Data	Requests for review of records should be made to the school office and will typically be honored within five school days of the request. Parents desiring to review their child's permanent records will need to call the school for an appointment with their child's counselor or the school administration. Each student's name, grade, and parent email addresses are classified as "directory information" for purposes of school related activities such as PTA, room parents, etc. A parent who does not wish any directory information to be available to these organizations must complete the directory opt out form. The office and/or teacher are not able to give out contact information for birthday parties or private mailings.
Student Property	Students and their parents should carefully consider the types and value of property which are brought to school. Phones and Smartwatches must be turned off and in backpacks for the duration of the school day. Students are prohibited from using

	phones, tablets, and other mobile devices at school and on the bus, unless there is an emergency. Students who do not abide by this will prompt administrators to take their phones and require a parent or guardian to pick up the phone from school. The county school system does not assume responsibility for the personal property of students and does not insure their property or otherwise reimburse students for loss of or damage to their personal belongings including bikes and electronics. Students are to leave all toys at home including fidget spinners, electronics, and Pokemon like cards that are not used for educational purposes.
Students Rights and Responsibilities	The Fairfax County School Board has defined the rights and responsibilities of school students in the Student Rights and Responsibilities Regulation. This regulation is used as a guide when standards of conduct are established for Fairfax Villa students. Reference this link for more information about Fairfax County Public Schools Students Rights and Responsibilities (SR&R). Discipline In order to have an environment that is conducive to learning and safe for students, any behavior that is disrespectful, destructive, or dangerous is prohibited. FCPS has strict regulations regarding inappropriate touching, weapons, substance abuse, bullying, name calling, inappropriate language, fighting, and any other forms of disruptive behavior. The administration at Fairfax Villa is committed to enforcing these regulations in order to maintain a safe environment conducive to learning.
Supervision Guidelines	The guidelines listed below are used by Child Protective Services in determining whether a situation should be investigated for possible lack of supervision: <u>AGE (years):</u> 0-6 May not be left unsupervised. 7-9 May be left alone no longer than 1.5 hours and not on a regular basis. 10-11 May be left alone not over 3 hours and not on a regular basis. 12-18 May be left alone only if no emotional/medical problems & only if the child is comfortable with the situation. 12+ May baby-sit for children over 4, for periods not over 4 hours. 14+ May baby-sit for infants and children. 16+ May be left alone several days at a time.

	These are only guidelines. In all situations, the child must be comfortable being alone and competent in dealing with emergency situations. All children and/or baby-sitters should have emergency telephone numbers and a number to locate either a parent or a designated responsible adult.
Talking Points	Another two-way communication available to all families is Talking Points. This is a text message program between the school and families. It is an easy and safe way families can communicate in their home languages with their child's teachers for free. Families can ask questions directly to teachers via this program. You can download the TalkingPoints for Families Mobile App by clicking here.
Tardiness	All students who are not in their classroom by the official beginning of school (9:15 a.m.) are considered tardy. Students who arrive late are to report to the office before going to their classrooms. Parents must accompany students into the office to sign children in.
Technology	As part of our FCPS Portrait of a Graduate framework, we want students to use technology for communicating, collaborating, and to practice good digital citizenship. Students in grades 1-6 are issued a laptop for in-class use. Laptops are not to be taken home, unless directed by the student's teacher. Each child who is issued a laptop is responsible for their device and charger. Students are taught how to take care of all of our technology as outlined in the SR&R booklet. At the end of the school year, all items are to be returned. Students will be charged for any item not returned at the end of the year. In addition, students will be charged for any broken or damaged technology issued as per the <u>Student Obligations page</u>. For more information, parents are encouraged to visit the <u>FCPS Guidelines for technology usage</u>. ● Responsible use of technology: ○ Students should use their laptops for FCPS learning programs. School technology may not be used for personal activities like streaming video services, gaming, or social media. ○ Students are also responsible for what is on their device. It is best to never leave your laptop unattended. ○ Students must use their laptops responsibly. This includes treating others with respect in online environments, respecting others' beliefs and opinions, and honoring academic honesty.

	○ Students are advised that the inappropriate use of a student laptop is a violation of student disciplinary rules and disciplinary action may be imposed as stated in the FCPS Student Rights and Responsibilities (SR&R) document. ● Caring for your laptop: ○ The FCPS student device is valuable and should be treated appropriately. It should not be thrown, dropped, or treated in any way that may cause it to be crushed or damaged. In addition, no food or drink is to be near a device. ○ Students are financially liable for loss of or damage to School Board property, even when malicious intent is not involved. If malicious intent is involved, the case is considered to be vandalism. The responsible student shall be charged a reasonable fee for the lost or damaged item.
Transportation Changes	In the event that you must change your student's regular dismissal routine, you must complete one of the below options by 2:30 PM on the day of the change. You may: - Submit an email/note to the front office - Call the main office Submitting by 2:30 allows the front office staff sufficient time to notify the student and teacher of the change in routine. Changes in routine include: ● If your child will be going home with another student, either by school bus (it must be the same bus normally ridden, but your child is getting off at a different stop) or private transportation; ● If your child will be bringing another student home either by school bus at your bus stop or private transportation; ● If you are picking your child up early; ● If your child is staying for an after-school activity on school grounds; or ● If you are picking your child up at Kiss 'n' Ride instead of the child taking the regular bus. When a child is going home with another child in the school, a request must be received from BOTH students' families or the request will not be approved. Change in Transportation Requests should include: ● Name of student ● Student's teacher and grade

	• Student's normal mode of transportation • Name of student the child is going home with, including their teacher and grade • Mode of transportation being used that day • Contact information for parent making the request
Walker Guidelines	AM: Children should arrive at school no earlier than 9:00 a.m. This affords your child maximum protection and safety when the majority of the school population is on the sidewalks and the safety patrols are in position. If you choose to drive your student to school please go through the Kiss 'n' Ride line. PM: All walkers are dismissed through Door #2. Kindergarten students must be met by an authorized adult. It is most important that parents remind their children to come home directly after school before going out to play. If you choose to drive your student to school please go through the Kiss 'n' Ride line.
