

Conference on the Washington State Standards

This conference for Early Achievers participants on the Washington State Standards will be held at multiple locations statewide. Over the course of a two and a half day conference (with a pre-conference day on Thursday), participants will have numerous opportunities for professional development.

This incredible chance to dive deep into the Early Achievers Standards will include opportunities to become CLASS® certified and to learn how to implement the parenting program developed by the *Center on the Social and Emotional Foundation for Early Learning*. Additional sessions will include, but are not limited to: addressing challenging behaviors in toddlers and preschoolers, individualizing instruction, and best practices for conducting on-going assessments. Translation will be made available upon request.

Registration information available soon!
