

Medical Consult (MedCon) Flow Chart

Entry into RedCap via survey link

Entries must include:
❖ CPS Intake, Brief description of case, ID info, Specific question(s) for child abuse provider to answer, Records/Photos (if available)

Each MedCon is assigned a priority by Seattle Children’s SCAN Team:

- ❖ Standard - Child is safe/no urgency; Up to 10 business days (most MedCon requests are assigned “standard”)
- ❖ Urgent - General info needed by CPS; Within the next business day
- ❖ Immediate - Bruise on infant/person of concern has access to the child; Right away
