EFFECTIVE TEACHING INSTITUTE REGISTRATION

The Effective Teaching Institute for Native Learners originated with Dr. Willard Bill Sr. and Jim Egawa in the 1980's. The leadership of this work was then passed on to Dr. Denise Bill and Willard Bill Jr. Although its format and content have evolved over the years the basic concept of engaging in effective practices for Native students is the core of this work.

This Institute will share cultural insights, examples, models, and, hands-on experiences for those looking to strengthen ways to work with Native students. This Institute is geared to teachers, professors, and, administrators. If educators are looking for culturally relevant ways to work with local Tribes in Washington State, this is a conference for you! People can sign up for one day, two days, or all three days.

Thank you for registering to attend the Effective Teaching Institute. We want to make the process as easy as possible. You will need to complete a separate registration form for each individual attending. If you have any questions about registration, please call 253.876.3183.

Please fill out the registration and remit to the Muckleshoot Tribal College or e-mail it to Amy.Maharaj@muckleshoot.nsn.us or Michele.Rodarte@muckleshoot.nsn.us.
(Please return to us as soon as possible.)
