

TRAINING OPPORTUNITY FOR ESIT PROVIDERS ACROSS WASHINGTON STATE

Sponsored by DCYF Early Support for Infants and Toddlers. Limited Spots available.

For ESIT agencies who do not currently have a PFR Agency Trainer, DCYF has limited funding available for providers to participate in PFR Level 2 Training.

- Level 2 Certified Provider Training includes 15 weeks of online, mentored professional development to support providers in becoming certified in PFR's evidence-based home visiting model.
- During this process, providers hone their infant mental health observation and reflection skills as they view and discuss professionally filmed PFR intervention sessions with caregivers and young children. They also enhance their practice skills as they intervene with a caregiver/child dyad at their own site to deliver the 10-week PFR intervention. Providers are supported in their learning as they reflect on videos of the dyadic interactions and how to implement the PFR concepts and consultation strategies.

To learn more, visit <https://pfrprogram.org/research/level-2-skill-building/>

For ESIT agencies who have a certified (level 2 trained) PFR provider interested in becoming a PFR Agency Trainer, DCYF has limited funding available for providers to participate in PFR level 3 training.

- Certified Promoting First Relationships (PFR) Providers with high fidelity to the model are eligible to participate in PFR level 3 Agency Trainer training. Participants receive 15 additional weeks of mentoring from a PFR Master Trainer as they implement the PFR intervention with a 2nd dyad, grow in their PFR expertise and reflective consultation skills, and learn how to train others at PFR level 2.
- The Agency Trainer model provides a way to sustain and grow the PFR program within the organization. Agency Trainers provide level 2 training to staff within their organization, conduct regular reflective consultation with their PFR trained providers, and provide overall support for the program within their organization.

To learn more, visit <https://pfrprogram.org/research/level-3-agency-trainer-training/>

There are limited spots available for each Level 2 and Level 3 opportunities.
