

JOIN OUR STUDY

\$100 FOR PARTICIPATING!

PURPOSE

A PhD Student at the University of Washington is conducting this study to learn how **childhood hardships** might shape the way **parents think and feel** about their **preterm child's chronic medical conditions** (e.g., heart, lungs, stomach/digestive, brain/nervous system).

ELIGIBILITY

You are...

- A parent or guardian, aged 18 years or older
- Raising a preterm child, aged 2-5 years
- Whose preterm child has one or more chronic medical conditions

WHAT'S INVOLVED

Join one Zoom session (up to 90 min), includes:

- **6 surveys** (about 75 min)
- **Optional** time for questions & a break (about 15 min)

SIGN UP

For more information, contact: **Avery Park, PhD Student Investigator**
