UPCOMING BUPRENORPHINE WAIVER TRAININGS

as of June 4, 2018

*Completion of the 4-hour in-person course as well as a 4-hour online follow-up allows physicians to prescribe buprenorphine for office-based treatment of opioid use disorder. ARNPs and PA-Cs require an additional 16 hours of training. CME is approved by American Academy of Addiction Psychiatry (AAAP) or American Society of Addiction Medicine (ASAM). Other interested professionals, such as team members and chemical dependency counselors, are also welcome to attend and learn more about buprenorphine as space allows. Medical residents from any specialty are welcome. Free training is also available online: <https://pcssnow.org/education-training/mat-training/>.
