Purpose of the proposal and its anticipated effects, including any changes in existing rules: The proposed amendments will repeal requirements and make other housekeeping changes in each rule requiring AIDS education and training, this includes:

WAC 246-817-010 - Definitions of "Acquired immunodeficiency syndrome" and "Office on AIDS"

WAC 246-817-110 (6) - Dental licensure-Initial eligibility and application requirements

WAC 246-817-135 (6) - Dental licensure without examination-Eligibility and application requirements.

WAC 246-817-190 (3) - Dental assistant registration.

WAC 246-817-195 (6) - Licensure requirements for expanded function dental auxiliaries (EFDAs).

WAC 246-817-200 (4) - Licensure without examination for expanded function dental auxiliary (EFDA).

WAC 246-817-205 (3)(e) - Dental anesthesia assistant certification requirements.

WAC 246-817-220 (4)(h) - Inactive license

Reasons supporting proposal: ESHB 1551 repealed RCW 70.24.270 Health professionals-Rules for AIDS education and training.

As a result of ESHB 1551, the Department of Health will repeal chapter 246-12 WAC, Part 8 - AIDS prevention and information education requirements. The Dental Quality Assurance Commission (dental commission) proposes to repeal requirements in eight rules that require AIDS prevention and information education. These requirements detail the definitions, acceptable training and education, and documentation requirements for health professionals and employees concerning AIDS Profession-specific rules including the number of hours of training required. The dental commission is proposing to no longer require AIDS education, training, ore documentation in rule in support of legislation and reducing stigma towards people living with HIV/AIDS (PLWH).

When Washington adopted statues concerning AIDS, very little was known about the disease compared to today. Now, AIDS is so treatable and preventable, Governor Inslee issued a proclamation in 2014 supporting End AIDS Washington; a statewide initiative to reduce new HIV cases by 50% by the end of 2020. Part of this effort includes reducing stigma, which includes updating state law. ESHB 1551 repeals statues concerning AIDS education and training for emergency medical personnel, health professionals, and health care facility employees helps reduce stigma towards PLWH by not singling out AIDS as an exceptional disease that requires specific training and education separate from other health conditions.

Statutory authority for adoption: RCW 18.32.002 and RCW 18.32.0365

Statute being implemented: ESHB 1551 repeal of RCW 70.24.270
