Purpose: WAC 246-817-440, regarding dental continuing education. The Dental Quality Assurance Commission (commission) adopted a rule amendment to allow full continuing education credit for recorded interactive webinars to obtain full, one hour continuing education credit, making it the same as live interactive webinars. Prior to this rule adoption dentists could earn thirty minutes for every one hour of self-study continuing education completed, including online courses, towards the total of continuing education hours. Live interactive webinars are already allowed for full continuing education credit under WAC 246-817-440(4)(a). The adopted language also clarifies that full credit also applies to live interactive webinars.

A rules petition was received on November 13, 2020 requesting amendments to WAC 246-817-440 to allow full, one hour continuing education credit for self-study online continuing education courses. The commission determined that recorded interactive webinars may be just as beneficial as live interactive webinars.
