SSB 5271 HB 1434	Uniform Facilities Enforcement Framework	<p>This legislation extends the enforcement tools enacted in 2020 and 2021 for psychiatric and acute care hospitals to all facilities the department regulates. Our current enforcement options for most facilities are limited to denying, suspending, or revoking a license. This bill adds:</p> <ul style="list-style-type: none"> • Immediate enforcement tools, such as stop placement, limited stop placement, limited stop service, and reasonable conditions, to address violations that constitute immediate jeopardy, including when a facility refuses to comply with an investigation. Immediate jeopardy is defined as a situation in which the facility has placed patients in its care at risk for serious injury, serious impairment, or death. • Intermediate tools to address repeat violations to bring facilities into compliance with regulations. These tools, including reasonable conditions and civil fines, are intended to be used after the department’s initial informal process of issuing a statement of deficiencies and a facilities’ plan of correction fail to ensure the violation does not occur again. <p>The legislation also ensures the authority to issue cease and desist orders and injunctions for unlicensed operation of a facility is consistent for all facilities the department regulates.</p>	<p>SB 5271 <i>Sponsors:</i> Senators Cleveland and Robinson, by request of the Department of Health <i>Introduced (Senate):</i> 1/11/2023, referred to the Senate Health & Long Term Care Committee <i>Public hearing (Senate):</i> 1/26/2023 <i>Executive session (Senate):</i> 2/7/2023, substitute version introduced and voted to replace original. Referred to Ways & Means (2/8)</p> <p>HB 1434 <i>Sponsors:</i> Representatives Thai and Riccelli, by request of the Department of Health <i>Introduced (House):</i> 1/18/2023, referred to House Health Care & Wellness Committee.</p>

HB 1665	Pharmacist scope-of-practice and drug therapy	<p>This bill amends RCW 18.64.011 and adds a new section to chapter 18.64 RCW expanding the scope-of-practice for licensed pharmacists to initiate treatment for certain health conditions without the need for a collaborative drug therapy agreement (CDTA) or other written protocol and order and interpret CLIA-waived tests without a drug therapy and diagnosis.</p> <p>Section 1 of the bill amends RCW 18.64.011(28) to expand the definition for “Practice of pharmacy” to include the responsibility for “ordering, administering, reviewing, or interpreting” tests for certain health conditions approved by the FDA and waived under CLIA without a CDTA or a drug therapy and diagnosis. The definition is further expanded to allow pharmacists to initiate or modify drug therapy for certain health conditions without a CDTA. Drug therapy must be initiated or modified in accordance with written guidelines, protocols, or a CDTA if the health condition being treated is <i>not</i> described in Section 2 of the bill.</p> <p>Section 2 defines a health condition as “typically a short-term health condition that is generally managed with noncontrolled drug therapies, minimal treatment, or self-care.” Pharmacists may use any waiver-qualifying test—per Medicare and Medicaid guidelines—to guide clinical decision making and may delegate the administering of those tests in Section 2 to an intern or pharmacy technician acting under their supervision.</p>	<p>HB 1665 <i>Sponsors:</i> Stonier, Santos, and Pollet <i>Introduced (House):</i> 1/30/2023, referred to House Health Care & Wellness Committee</p>
SB 5389 PSSB 5389	Optometry scope-of-practice	<p>This is a scope-of-practice bill for optometry updated from last year’s version (SHB 5542). The bill amends RCW 18.53.010 expanding the optometrist scope of practice to include limited, but mostly undefined, ophthalmic surgical procedures and injections. The bill also adds drug prescribing and administering rights. The expanded scope is further defined through a list of prohibited ophthalmic surgical procedures. The board must adopt rules (sole authority) to define authorized procedures, additional drug privileges and guidelines, and required education, training and testing to ensure optometrists are qualified to practice under the expanded scope.</p>	<p>SB 5389 <i>Sponsors:</i> Senators Cleveland, Rivers, Robinson, Van De Wege, Conway, Holy, Schoesler, L. SHB 1275 SSB 5308	Athletic trainers scope-of-practice	<p>Subsection 2(1) of the original bill amended RCW 18.250.110 to clarify current medication laws by allowing athletic trainers to purchase, store, and administer medications <u>in accordance with their pharmacological education and training</u>. Previous legislation inadvertently limited athletic trainers to specific over-the-counter topical medications. This language removes this unnecessary limitation.</p> <p>The substitute version of 1275 removes the previously proposed amendment language and creates a new section to specify in Section 2, subsection (1)(b) that athletic trainers able to purchase, store, and administer medications are those who “completed accredited training programs on pharmacology and medication administration.”</p> <p>The bill also adds language clarifying the definitions for “athlete,” “athletic injury,” and “athletic trainer” under RCW 18.25.010 to align with other states and national organizations.</p>	<p><u>HB 1275</u> <i>Sponsors:</i> Representatives Thai, Harris, and Riccelli <i>Introduced (House):</i> 1/12/2023, referred to House Health Care & Wellness Committee <i>Executive session (House):</i> 2/1/2023, substitute version introduced and approved with a do pass recommendation. SB 5481	Uniform Telemedicine Act	<p>This bill proposes the creation of a new section or sections of statute for the purpose of allowing health care practitioners to provide telemedicine services to patients. Providers using telemedicine services must comply with health care practices regulated by state and federal law and in compliance with professional practice standards applicable to the health care practitioner.</p> <p>SB 5481 also allows for the registration of out-of-state health care practitioners by relevant disciplining authorities listed under RCW 18.130.040. Out-of-state practitioners must complete a form provided by the disciplining authority to register under the proposed statutory language. Section 7 of the bill establishes qualifying requirements such as active license status, five years without any disciplinary action taken, and registration fees. Following sections outline the conditions by which disciplinary actions may be taken (Section 8), reporting requirements by the practitioner to the disciplinary authority (Section 9), and venue restrictions for practitioners providing telemedicine services (Section 10).</p>	<p><u>SB 5481</u> <i>Sponsors:</i> Senators Cleveland and Pedersen <i>Introduced (Senate):</i> 1/19/2023, referred to Senate Health & Long Term Care Committee <i>Public hearing (Senate):</i> 2/2/2023 <i>Executive session (Senate):</i> 2/16/2023</p>
SB 5536	Concerning controlled substances, counterfeit substances, and legend drug possession	<p>This bill amends sections in chapters 69.50 RCW, 9.96 RCW, 36.70A RCW, and 71.24.590, and adds new sections to chapters 69.50 RCW, 71.24 RCW, and 43.330 RCW relating to justice system and behavioral health responses for persons “experiencing circumstances” involving controlled substances, counterfeit substances, legend drugs, and drug paraphernalia.</p> <p>The term “knowingly” is added to actions around the aforementioned substances and language is included in the first four sections to divert criminal justice actions to behavioral treatment options. Section 10 of the bill requires the department to adopt rules by December 31, 2023 to allow substance use disorder treatment programs to establish off-site medication units (free-standing, collocated in a community setting such as a hospital, or a mobile medication unit). These units are classified as essential public facilities in Section 11.</p>	<p><u>SB 5536</u> <i>Sponsors:</i> Senators Robinson, Lovick, Rolfes, Mullet, Dhingra, Billig, Hasegawa, Keiser, Kuderer, Lias, Lovelett, Nobles, Randall, Stanford, Wellman, and C. 		<ul style="list-style-type: none"> Establishes a safe-supply workgroup with members appointed by the governor. OTP licensure: explicitly adds OTPs to the list of essential public facilities. Prohibits cities, in addition to counties, for setting capacity limits. Removes the requirements for the department to hold a public hearing. Adds mobile or fixed-site medication units to the definition of OTP. Establishes a Department of Commerce program to fund additional OTPS. 	
SB 5022 PSSB 5022	Exempting fentanyl testing equipment from the definition of drug paraphernalia.	The purpose of this bill is to remove fentanyl testing equipment from the definition of drug paraphernalia in RCW 69.50.102. The proposed substitute broadens the exemption to all testing equipment through the removal of subsection 1(4), which includes “testing equipment used... in identifying or in analyzing the strength, effectiveness, or purity of controlled substances” in the definition of drug paraphernalia. Section 2 of the substitute bill also amends some terms to accommodate the removal of subsection 1(4). This bill allows public health and community-based HIV prevention programs, and pharmacies to sell or give testing equipment.	<u>SB 5022</u> <i>Sponsors:</i> Senators Muzzall and Cleveland <i>Pre-file (Senate):</i> 12/6/2022. <i>Introduced:</i> 1/9/2023, referred to Senate Law & Justice Committee <i>Public hearing (Senate):</i> 2/6/2023 <i>Executive session (Senate):</i> 2/9/2023, do pass vote by majority.
