Accessible Label Rule References

Translated Labels

California

- [CA Law 4076.6](#) - California
 - 4076.6(a) – Dispenser shall provide translated directions for use on patient request
 - Printed on container label
 - 4076.6(b) – Dispensers may use translations provided by the board of pharmacy
 - 4076.6(c) – Dispenser don't need to use languages beyond those that the board provides
 - 4076.6(d) – Dispensers may use their own translation services to comply with the section
 - 4076.6(e) – Dispensers are responsible for the accuracy of English-language directions for use provided to the patient
 - 4076.6(f) – Veterinarians are not considered dispensers for this section
- The California Board of Pharmacy received funding from a third party to create original translations of the SIGs and pharmacists cut out those SIGs from prepared sheets and attach them to the prescription bottle.

New York

- [NY Law 6829](#) – New York
 - 6829(1) – Definitions provided for:
 - 6829(1)(a): “Covered pharmacy”
 - 6829(1)(b): “Limited English proficient individual”
 - 6829(1)(c): “Translation”
 - 6829(1)(d): “Competent oral interpretation”
 - 6829(1)(e): “Pharmacy primary languages”
 - 6829(1)(f): “Mail order pharmacy”
 - 6829(2)(a) – Pharmacies must provide free, competent oral interpretation services on patient request
 - 6829(2)(b) – Pharmacies must printed translated medication labels, warning labels, and other written material on patient request
 - 6829(2)(c) – Pharmacies may use staff or third-party contractors to provide translations
 - 6829(3) – Signage advertising translation services must be conspicuously posted
 - 6829(4) – The pharmacy commission is responsible for rulemaking in order to establish translation services
 - 6829(4)(a): Rules must state how to determine if patient is LEP
 - 6829(4)(b): Determine which languages are considered
 - 6829(4)(c): Manner and circumstances by which oral interpretation services are provided
 - 6829(4)(d): Which information is eligible for oral interpretation

- 6829(4)(e): Anticipate how service is utilized, which resources used and what costs are incurred
 - 6829(4)(f): Establish compliance/monitoring standards
- 6829(5) – Covered pharmacies are not liable for injuries resulting from third-party contractor translations
- 6829(6) – Must establish a process by which pharmacies may apply to receive a waiver from compliance
- 6829 (7) – Commissioner must coordinate with the commissioner of health to “effectuate” requirements of the section
- [NY Rule Section 63.11](#) – Interpretation and translation requirements for prescription drugs
 - This rule was filed in 2014 following the passage of associated legislation regarding the translation of prescription information.
 - Final rule filed in the [New York State Register, Volume XXXVI, Issue 11 \(March 19, 2014\)](#).
 - [New York State Register, Volume XXXVI, Issue 27, effective 7/9/2014](#)
 - 63.11(a) – Definitions for:
 - 63.11(a)(1): “Covered pharmacy”
 - 63.11(a)(2): “Corporate entity”
 - 63.11(a)(3): “Limited English proficiency individual”
 - 63.11(a)(4): “Translation”
 - 63.11(a)(5): “Competent oral interpretation”
 - 63.11(a)(6): “Pharmacy primary languages”
 - 63.11(a)(7): “Mail order pharmacy”
 - 63.11(b) – How competent oral interpretations are provided
 - 63.11(b)(1) – Covered pharmacies must provide oral translation services for patient counseling for free on request
 - 63.11(b)(2) – Covered pharmacies must provide oral translation services of medication/warning labels or other written materials for free on patient request
 - 63.11(b)(3) – Translations must be provided on site unless list of languages exceed seven
 - 63.11(b)(4) – Staff or third-party contractors are allowed to provide translated information
 - 63.11(c) – Notification requirements
 - 63.11(c)(1) – Conspicuous signage for advertising translation services
 - 63.11(c)(2) – Font size and type, design element requirements
 - 63.11(c)(3) – Placement of signage
 - 63.11(d) – Waivers for translation services
 - 63.11(d)(1) – One application per pharmacy
 - 63.11(d)(2) – Waiver applications must describe financial/physical constraints and impact on other services
 - 63.11(d)(3) – Reasons to deny waiver application
 - 63.11(d)(4) – Applicants must identify nearby services that can provide translation services
 - 63.11(d)(5) – Post notice of alternative services if waiver granted

- 63.11(d)(6) – Waiver duration and renewal conditions
- 63.11(e) – This section preempts local laws/ordinances, though cities of 100,000 or more may impose stricter regulations

Nevada

- [NV Law 639.28013 – Requirement to provide prescription info in English and certain other languages on request](#)
 - All pharmacies must comply except institutional pharmacies
 - Signage required:
 - Notice of the rights of a patient to request information in another language
 - A list of languages available for translation
 - Board responsible for adopting regulations prescribing each language required
 - Pharmacy/employees not liable in any civil action for injury if the pharmacy uses a third-party vendor to provide translation services
- Rules are ongoing following the enactment of NRS 639.28013, as the labeling requirements described under their section of rule ([NAC 639.397](#)) was last updated in 2014.
 - Proposed regulation language: [R119-21P](#)
 - Workshop document: [R119-21I](#)
 - Adopted regulation language: [R119-21A](#)
 - Proposed Revised regulation language: [R119-21RA](#)

Oregon

- Oregon filed a rule adding the requirement to use interpreters and modify patient records to reflect the patient’s preferred language ([LINK](#))
- [OR Law 689.564](#) – Prescription drug labels
 - 689.564(1) – Board of pharmacy responsible for rules establishing pharmacy printing of prescription drug labels in English and language requested by LEP individual. Rules must also:
 - 689.564(1)(a) – Define “limited English proficiency”
 - 689.564(1)(b) – Determine which sections with which pharmacies must comply
 - 689.564(1)(c) – Determine list of drugs eligible for translation
 - 689.564(1)(d)(A) – Minimum list length of 14 languages other than English
 - 689.564(1)(d)(B) – Board must reassess/update list every 10 years
 - 689.564(2)(a) – Third-party contractors may be used
 - 689.564(2)(b) – Liability exemptions for injury resulting from errors in third-party translations
 - 689.564(3) – Not applicable to institutional drug outlets
 - 689.564(4) – Grants board of pharmacy rulemaking authority
 - 689.564(5) – Signage posting requirements

Texas

- [TX Rule 291.3](#) – Required notifications

- [291.3\(h\)\(2\)\(B\)\(viii\)](#) – Pharmacies must provide in their profile the type of language translation services, including translating services for persons with impairment of hearing
 - No requirements for services themselves, but that they need to announce any services pharmacies choose to use
- While the board of pharmacy was required in statute to establish a pharmacy profile system including the above information by January 1, 2005, the [historical records on file](#) only go as far back as 2007.

Visual/print Accessibility

Arkansas

- [Arkansas Rule 054.00.75-6](#)
 - November 1, 2019
 - Font size for data elements in prescription drug card: 8 points or greater (no font type listed in this section of rule)

California

- [California Rule 1707.5](#) – Patient-centered labels for prescription drug containers
 - The following elements, clustered together, must comprise at least 50 percent of the label:
 - Name of patient
 - Name of drug/strength of drug
 - Directions for use
 - The condition/purpose for which the drug was prescribed
 - Font: At least 12-point font in sans serif typeface
 - Provides suggested phrasing to accommodate compliance
 - Amendment to [subsection 1707.5\(a\)\(1\)](#) filed on January 8, 2015 and went into effect on April 1, 2015.

Massachusetts

- [MA Law MGLA 94C-21](#)
 - Title XV, Chapter 94C, Section 21
 - November 1, 2019
 - On request, prescription label must be printed in a size “allowing no more than ten characters per inch.”
- [247 CMR](#)
 - Board of pharmacy’s rules chapter. As of yet, have not found accessibility language.

Nevada

- [NV Law 639.28015 – Notice of prescription readers](#)
 - Pharmacies must let patients know about availability of prescription readers and provide them on request
 - Definitions provided for “prescription reader” and what applies as a “retail community pharmacy”
- [NAC 639.756](#)
 - Proposed regulation language: [R131-17P](#)
 - Information Statement: [R131-17NI](#)
 - Workshop document: [R131-17I](#)
 - Revised proposed regulation language: [R131-17RP1](#)
 - Approved regulation language: [R131-17AP](#)
 - Adopted regulation language: [R131-17A](#)

New Jersey

- [New Jersey Rule 13-39-7.12 – Labeling](#)
 - [54 N.J.R. 88\(a\)](#).
 - Amended by R.2022 d.004, filed December 6, 2021 and effective January 3, 2022.
 - Font size directions for warning label/sticker only
 - Must be at least 10-point font (not cursive) that is “clear and readable” per subsection (2)(iii)

New York

- [New York Rule Section 63.12](#) – Standardized patient-centered data elements to be used on all drug labels
 - Levels of information importance
 - Critical: Patient name, directions of use, drug name/strength
 - Important: Name/address/phone of pharmacy, patient’s address, name of prescriber, filling date, prescription/identifying number
 - Critical elements must be at least 12-point font, with highlighting/bolding used for emphasis
 - No highlighting/bolding of “Important” info

Oregon

- [Oregon Revised Statute \(ORS\) 689.561](#)
 - November 1, 2019
 - Definitions for “blind” and “prescription reader”
 - Notification of prescription readers to patients except for drugs dispensed by “an institutional drug outlet”
 - Readers must last duration of prescription and meet needs of identified impairment
 - Labels must be compatible with prescription readers
- [OR Rule 855-041-1131](#) – Prescription reader accessibility

- Pharmacies must notify each person receiving a prescription that a prescription reader is available, and provide that reader if requested
- The final rule was approved by the agency on June 18, 2020 and went into effect on June 23, 2020.
- A Temporary rule was put in place while standard rulemaking was ongoing.
- [Filing document for -1131](#)

Texas

- [Texas Rule 291.33 – Operational Standards](#)
 - Subsection TAC 291.33(c)(1)(B)(v)(I) includes language for “easily readable font size,” though later subsections describe this as at least ten-point Times New Roman.
 - Subsections with font size references:
 - TAC 291.33(a)(7)(A) – Dispensing container label
 - **NOTE:** There is also language in [TAC 562.006\(f\)](#) for the board to adopt rules requiring dispensing container labels be printed in an “easily readable font size”
 - TAC 291.33(7)(A)(ii) – Prescription drug ID number
 - TAC 291.33(7)(A)(vii) – Name of patient (or animal name/species if prescribed for animal)
 - TAC 291.33(7)(A)(viii) – Instructions for use
 - Last amendment went into effect December 14, 2020
 - The filing for the amending language was published in the Texas Register ([Volume 45, issue 50, page 8852](#)).

Health Equity Continuing Education Language Draft - May 2023 Rules Workshop

PharmacyRules@doh.wa.gov

WAC 246-945-178 Pharmacist continuing education. (1) As part of the process to renew a pharmacist license, a pharmacist shall complete ~~CPE~~ continuing education in compliance with this section.

(2) A pharmacist shall complete the equivalent of 30 hours of continuing education each license renewal cycle.~~3.0 of CPE hours (equal to thirty contact hours) administered by an ACPE accredited provider each license renewal cycle.~~ The 30 hours of continuing education must be delivered by a continuing education provider accredited by ACPE, except as provided for in subsections (4) and (5) of this section.

(3) A pharmacist shall register with a program designated by the commission for tracking completed CPE hours.

(4) A pharmacist shall complete a one-time training in suicide screening and referral by the end of the first full renewal cycle after initial licensure. The training must meet the following requirements:

(a) Be at least three hours long;

(b) Be from the department~~-of health~~'s model list of approved suicide prevention training programs, and include content related to imminent harm via lethal means; and

(c) The hours spent completing the training in this subsection may count toward meeting CPE requirements.

(5) A pharmacist shall complete at least one hour of health equity training as described in WAC 246-12-830 each license renewal cycle.

(a) Health equity training may be provided by a continuing education provider accredited by ACPE or by a health equity training program contained on the department's list of approved health equity training programs.

(b) The hours spent completing health equity training will count toward meeting continuing education requirements.

(56) CPE hours cannot be carried over to the next renewal cycle.

[Statutory Authority: RCW 18.64.005 and 18.64A.020. WSR 21-04-145, § 246-945-178, filed 2/3/21, effective 12/1/21. Statutory Authority: RCW 18.64.005, 18.64.080, 18.130.075, 18.64.043, 18.64.044, 18.64.045, 18.64.046, 18.64.370, 18.64.460,

Bills That Merit Active Involvement/Input			
Bill # /Companion	Short Title	Brief Description	Committee Action (subject to change)
SB 5768	Protecting access to abortion medications	<p>The stated purpose of this bill is to “promote access to affordable, high quality sexual and reproductive health care, including abortion care, without unnecessary burdens or restrictions on patients or providers.” Section 2 of the bill adds a new section to chapter 72.09 RCW to allow the Department of Corrections to “acquire, receive, possess, sell, resell, deliver, dispense, distribute, and engage in any activity constituting the practice of pharmacy or wholesale distribution with respect to abortion medications.”</p> <p>The bill contains an emergency clause and would take effect immediately upon passage.</p>	<p>SB 5768 <i>Sponsors:</i> Senators Keiser, Dhingra, Cleveland, Frame, Hunt, Kuderer, Lovelett, Nobles, Pedersen, Randall, Robinson, Stanford, Trudeau, Valdez, Wellman, and C. Wilson <i>Floor vote (House):</i> 4/20/2023, passed through chamber by majority vote (55/40/0/3). <i>Final signatures:</i> Senate President (4/21), House Speaker (4/23). Delivered to Governor (4/24).</p>
SHB 1275	Athletic trainers scope-of-practice	<p>Subsection 2(1) of the original bill amended RCW 18.250.110 to clarify current medication laws by allowing athletic trainers to purchase, store, and administer medications <u>in accordance with their pharmacological education and training</u>. Previous legislation inadvertently limited athletic trainers to specific over-the-counter topical medications. This language removes this unnecessary limitation.</p> <p>The substitute versions of both bills remove the previously proposed amendment language and creates a new section to specify in Section 2, subsection (1)(b) that athletic trainers able to purchase, store, and administer medications are those who “completed accredited training programs on pharmacology and medication administration.”</p>	<p>SHB 1275 <i>Sponsors:</i> Representatives Thai, Harris, and Riccelli <i>Introduced (Senate):</i> 3/9/2023, referred to Senate Health & Long Term Care Committee <i>Floor vote (Senate):</i> 4/6/2023, passed through chamber by majority vote (48/0/0/1). <i>Final signatures:</i> 4/7/2023 (House Speaker), 4/8/2023 (Senate President). Delivered to Governor (4/14). <i>Governor signed:</i> 4/20/2023. Effective date: 7/23/2023.</p>

Bills That Merit Active Involvement/Input			
Bill # /Companion	Short Title	Brief Description	Committee Action (subject to change)
		The bill also adds language clarifying the definitions for “athlete,” “athletic injury,” and “athletic trainer” under RCW 18.25.010 to align with other states and national organizations.	
SSB 5389	Optometry scope-of-practice	This is a scope-of-practice bill for optometry updated from last year’s version (SHB 5542). The bill amends RCW 18.53.010 expanding the optometrist scope of practice to include limited, but mostly undefined, ophthalmic surgical procedures and injections. The bill also adds drug prescribing and administering rights. The expanded scope is further defined through a list of prohibited ophthalmic surgical procedures. The board must adopt rules (sole authority) to define authorized procedures, additional drug privileges and guidelines, and required education, training and testing to ensure optometrists are qualified to practice under the expanded scope.	SSB 5389 <i>Sponsors:</i> Senators Cleveland, Rivers, Robinson, Van De Wege, Conway, Holy, Schoesler, Wilson, L. Lovick, Randall, Wilson, C. <i>Senate concurrence:</i> 4/18/2023, House amendments concurred by majority vote (47/1/0/1). <i>Final signatures:</i> Senate President (4/19), House Speaker (4/20). Delivered to Governor (4/21).
2SSB 5263	Psilocybin services	<p>The substitute version of 5263 reworked much of the bill language, removing provisions related to establishing a two-year program development period; psilocybin licenses; psilocybin sessions; creating a psilocybin control and regulation account; authority of local jurisdictions to regulate psilocybin; testing, tracking, labeling, packaging, and dosing psilocybin products; and creating a social opportunity program.</p> <p>Sections 7 and 8 of the substitute establish other advisory workgroups along with the one already described in Section 6. Two of the boards have seats reserved for an individual with expertise in psychopharmacology, but otherwise the language remains exempting the pharmacy commission from jurisdictional responsibility.</p> <p>The second substitute bill further edits down the bill language to focus on the workgroups and advisory committees. The aforementioned exemption of the commission from jurisdictional responsibility remains intact.</p>	SB 5263 <i>Sponsors:</i> Senators Salomon, Rivers, Saldaña, Nobles, Lovick, Lovelett, Hunt, Hasegawa, Mullet, Trudeau, Robinson, Pedersen, Wellman, Muzzall, C. Wilson, Kuderer, Keiser, Lias, Van De Wege, and Frame <i>Senate concurrence:</i> 4/14/2023, House amendments concurred by majority vote (40/4/0/5). <i>Final signatures:</i> Senate President (4/18), House Speaker (4/20). Delivered to Governor (4/20).
2SSB 5120	23-hour crisis receiving centers	This bill would establish 23-hour crisis receiving centers (CRCs) in Washington State. The purpose of CRCs is to address the mental and physical health needs of people in crisis.	SB 5120 <i>Sponsors:</i> Senators Dhingra and Wagoner

Bills That Merit Active Involvement/Input			
Bill # /Companion	Short Title	Brief Description	Committee Action (subject to change)
		<p>CRC is defined in RCW 71.24.025 per Section 1, and Section 2 describes the various roles that a CRC would fulfill, including but not limited to: Offering walk-in options and drop-off options for first responders, provide services to address mental health and substance use crisis issues, screen all individuals for suicide risk and violence risk, etc.</p> <p>Of interest to the commission is that CRCs are eligible to obtain an HCE license, which would have some effect on licensure management and inspection practices.</p> <p>The substitute version of the bill specifies that the service is only for adults and establishes record-keeping requirements for facilities to track declined admissions (making the information available to the department). SSB 5120 also requires a prescriber for the facility and the ability to dispense medications.</p>	<p><i>Senate concurrence:</i> 4/13/2023, Senate refuses to concur House amendments and asks House to recede from amendments. House receded from amendments (4/20).</p> <p><i>Floor vote (House):</i> 4/20/2023, passed through chamber by majority vote (98/0/0/0).</p> <p><i>Final signatures:</i> Senate President (4/21), House Speaker (4/23). Delivered to Governor (4/24).</p>
SHB 1678	Dental therapy	<p>The bill creates dental therapists as a new profession under Title 18 RCW. Discipline would be under the authority of the Dental Quality Assurance Commission. Approval of licensing examinations would be the responsibility of the Dental Hygiene Examining Committee. A dental therapist must practice under the supervision of a dentist and with a written practice plan contract which must be filed with the Department of Health.</p> <p>The bill details the scope of practice, and restricts the practice settings for dental therapists, along with requirements for supervision and a practice plan contract with a supervising dentist.</p> <p>The substitute version of the bill authorizes dentists exempt from licensure under the Indian Health Care Improvement Act to supervise dental therapists. The bill also modifies certain education requirements and allow practices, and removes dental therapists from the list of authorized prescribers in RCW 69.41.030.</p>	<p>HB 1678</p> <p><i>Sponsors:</i> Representatives Riccelli, Lekanoff, Stonier, Morgan, Bateman, Macri, Ormsby, Slatter, Entenman, Ramos, Peterson, Tharinger, Chopp, Ryu, Pollet, Davis, Harris, Taylor, Simmons, Kloba, and Gregerson</p> <p><i>Executive session (Senate):</i> 3/23/2023, passed by majority vote. Referred to Rules Committee for second reading (3/24). Placed on second reading (4/4).</p> <p><i>Floor vote (Senate):</i> 4/11/2023, passed through chamber by majority vote (30/19/0/0).</p> <p><i>Final signatures:</i> House Speaker (4/14), Senate President (4/18). Delivered to Governor (4/19).</p>
2SHB 1009	Military spouse employment	<p>The Military Spouse Employment Act creates occupational flexibility for military spouses, 34 to 50 percent of whom work in fields requiring a professional license. RCW 180.340.020 is amended to streamline the process</p>	<p>HB 1009</p> <p><i>Sponsors:</i> Representatives Leavitt, Barkis, Ryu, Paul, Donaghy, Slatter,</p>

Bills That Merit Active Involvement/Input			
Bill # /Companion	Short Title	Brief Description	Committee Action (subject to change)
		<p>by which licensing authorities may expedite the issuance of a license to a qualified applicant who is also a military spouse.</p> <p>Section 5 of the bill also mandates training for each board or commission member on “the culture of military spouses, the military spouse experience, and issues related to military spouse career paths.” Boards and commissions are encouraged to appoint a military spouse to serve on its licensing board or commission.</p> <p>The bill would also create a military spouse assistance web page (Section 6), require the department to develop a campaign with local business associations and chambers of commerce to increase military spouse employment (Section 8), and allow military spouses to terminate their own employment more easily in cases of a permanent change of station for their spouse (Section 9).</p> <p>The substitute version added definitions for completed applications and elaborated on penalties incurred. SHB 1009 also included a date of October 1, 2023 for the bill to “take effect.”</p>	<p>Simmons, Low, Volz, Schmidt, Christian, Lekanoff, Griffey, Doglio, Robertson, Orwall, Caldier, Reeves, Bronoske, Bergquist, Shavers, Riccelli, and Ormsby <i>Executive action (Senate Ways & Means): 4/3/2023, passed through committee by majority vote.</i> Passed to Rules Committee for second reading (4/4). Placed on second reading (4/5). <i>Floor vote (Senate): 4/10/2023, passed through chamber by majority vote (49/0/0/0).</i> <i>House concurrence: 4/13/2023, Senate amendments concurred by majority vote (97/0/0/1).</i> <i>Final signatures:</i> House Speaker (4/14), Senate President (4/17). Delivered to Governor (4/18). <i>Governor signed: 4/25/2023, effective date of 7/23/2023.</i></p>

Additional Bills to Watch (Not in PQAC Jurisdiction)			
Bill # /Companion	Short Title		Committee Action (subject to change)
2SHB 1452	State Medical Reserve Corps Act	HB 1452	<p><i>Sponsors:</i> Representatives Timmons and Harris <i>Public hearing (Senate Ways & Means): 3/23/2023</i> <i>Executive action (Senate Ways & Means): 4/3/2023, passed through committee by majority vote.</i> Passed to Rules Committee for second reading (4/4). Placed on second reading (4/11). <i>Floor vote (Senate): 4/12/2023, passed through chamber by majority vote (48/0/0/1).</i> <i>Final signatures:</i> House Speaker (4/14), Senate President (4/17). Delivered to the Governor (4/20).</i>

Dead/dormant Bills (relevant if needed to pass the budget)		
Bill # /Companion	Short Title	Bill Summary
HB 1006	Expanding access to drug testing equipment.	Division tracked/non-jurisdictional
HB 1041	Prescriptive authority of psychologists.	Due to an identified “lack of prescribers comfortable with prescribing psychiatric medications to support the behavioral health needs of the state,” this bill authorizes successfully credentialed psychologists to prescribe psychotropic medications. Section 2 of the bill revises and adds numerous definitions to the RCW 18.83.010 to accommodate the proposed action while Sections 3 and 4 create and grant prescriptive authority to credentialed psychologists in statute. Of note to the commission is Section 6(6) which requires the examining board of psychology to transmit a list of prescribing psychologists and update or modify the list as necessary going forward.
HB 1269	Prescription drug affordability board	Division tracked/non-jurisdictional

Dead/dormant Bills (relevant if needed to pass the budget)		
Bill # /Companion	Short Title	Bill Summary
HB 1434	Uniform Facilities Enforcement Framework	Companion bill to SB 5271
HB 1546	Good Faith Pain Act	This bill establishes protections for various health care professions “acting in good faith” in prescribing or dispensing opioid drugs “for legitimate medical purposes in the course of professional practice.” The covered professions include pharmacists, dentists, physicians, physician assistants, advanced registered nurse practitioners, podiatric physicians and surgeons, and osteopathic physicians and surgeons.
SHB 1547	Out-of-state providers	Division tracked/non-jurisdictional
HB 1665	Pharmacist scope-of-practice and drug therapy	<p>This bill amends RCW 18.64.011 and adds a new section to chapter 18.64 RCW expanding the scope-of-practice for licensed pharmacists to initiate treatment for certain health conditions without the need for a collaborative drug therapy agreement (CDTA) or other written protocol and order and interpret CLIA-waived tests without a drug therapy and diagnosis.</p> <p>Section 1 of the bill amends RCW 18.64.011(28) to expand the definition for “Practice of pharmacy” to include the responsibility for “ordering, administering, reviewing, or interpreting” tests for certain health conditions approved by the FDA and waived under CLIA without a CDTA or a drug therapy and diagnosis. The definition is further expanded to allow pharmacists to initiate or modify drug therapy for certain health conditions without a CDTA. Drug therapy must be initiated or modified in accordance with written guidelines, protocols, or a CDTA if the health condition being treated is <i>not</i> described in Section 2 of the bill.</p> <p>Section 2 defines a health condition as “typically a short-term health condition that is generally managed with noncontrolled drug therapies, minimal treatment, or self-care.” Pharmacists may use any waiver-qualifying test—per Medicare and Medicaid guidelines—to guide clinical decision making and may delegate the administering of those tests in Section 2 to an intern or pharmacy technician acting under their supervision.</p>
ESB 5022	Exempting fentanyl testing equipment from the definition of drug paraphernalia.	The purpose of this bill is to remove fentanyl testing equipment from the definition of drug paraphernalia in RCW 69.50.102. The engrossed version of the bill was created following the acceptance of a floor amendment during the Senate floor debate. ESB 5022 adds a class I civil infraction penalty for the sale or purchase of drug paraphernalia, but exempts all injection syringes and testing equipment from this penalty provided they are sold or purchased in a public health or community-based HIV prevention program, or at a pharmacy.

Dead/dormant Bills (relevant if needed to pass the budget)		
Bill # /Companion	Short Title	Bill Summary
SB 5035	Amending drug possession classifications.	Division tracked / non-jurisdictional
SSB 5271	Uniform Facilities Enforcement Framework	<p>This legislation extends the enforcement tools enacted in 2020 and 2021 for psychiatric and acute care hospitals to all facilities the department regulates. Our current enforcement options for most facilities are limited to denying, suspending, or revoking a license. This bill adds:</p> <ul style="list-style-type: none"> • Immediate enforcement tools, such as stop placement, limited stop placement, limited stop service, and reasonable conditions, to address violations that constitute immediate jeopardy, including when a facility refuses to comply with an investigation. Immediate jeopardy is defined as a situation in which the facility has placed patients in its care at risk for serious injury, serious impairment, or death. • Intermediate tools to address repeat violations to bring facilities into compliance with regulations. These tools, including reasonable conditions and civil fines, are intended to be used after the department’s initial informal process of issuing a statement of deficiencies and a facilities’ plan of correction fail to ensure the violation does not occur again. <p>The legislation also ensures the authority to issue cease and desist orders and injunctions for unlicensed operation of a facility is consistent for all facilities the department regulates.</p>
SSB 5308	Athletic trainers scope-of-practice	Companion bill to SHB 1275
SB 5411	Naturopaths scope-of-practice	<p>The bill expands the prescriptive authority for naturopathic physicians to include all legend drugs and controlled substances in schedule II, III, IV, and V of the uniformed controlled substances act. Licensees who desire to prescribe these medications must complete education and training requirements established by the Board of Naturopathy and register with the prescription monitoring program. The bill also updates other drug statutes by adding naturopathic physicians.</p> <p>The bill changes the references of “naturopaths” to “naturopathic physicians”. It permits a naturopath to sign and attest to any certificates, cards, forms, or other required documentation that a physician may sign, so long as it is within the naturopathic physician's scope of practice. These changes support increasing primary care service availability.</p>
SB 5467	Treatment for possession of certain counterfeit drugs or	Division tracked / non-jurisdictional

Dead/dormant Bills (relevant if needed to pass the budget)		
Bill # /Companion	Short Title	Bill Summary
	controlled substances	
SSB 5481	Uniform Telemedicine Act	<p>This bill proposes the creation of a new section or sections of statute for the purpose of allowing health care practitioners to provide telemedicine services to patients. Providers using telemedicine services must comply with health care practices regulated by state and federal law and in compliance with professional practice standards applicable to the health care practitioner.</p> <p>SB 5481 also allows for the registration of out-of-state health care practitioners by relevant disciplining authorities listed under RCW 18.130.040. Out-of-state practitioners must complete a form provided by the disciplining authority to register under the proposed statutory language. Section 7 of the bill establishes qualifying requirements such as active license status, five years without any disciplinary action taken, and registration fees. Following sections outline the conditions by which disciplinary actions may be taken (Section 8), reporting requirements by the practitioner to the disciplinary authority (Section 9), and venue restrictions for practitioners providing telemedicine services (Section 10).</p>
2SSB 5536	Concerning controlled substances, counterfeit substances, and legend drug possession	<p>This bill amends sections in chapters 69.50 RCW, 9.96 RCW, 36.70A RCW, and 71.24.590, and adds new sections to chapters 69.50 RCW, 71.24 RCW, and 43.330 RCW relating to justice system and behavioral health responses for persons “experiencing circumstances” involving controlled substances, counterfeit substances, legend drugs, and drug paraphernalia.</p> <p>The term “knowingly” is added to actions around the aforementioned substances and language is included in the first four sections to divert criminal justice actions to behavioral treatment options. Section 10 of the bill requires the department to adopt rules by December 31, 2023 to allow substance use disorder treatment programs to establish off-site medication units (free-standing, collocated in a community setting such as a hospital, or a mobile medication unit). These units are classified as essential public facilities in Section 11.</p> <p>Floor amendment 5536-S2.E AMH ENGR H1919.E was adopted on the floor of the House prior to final passage. The adopted amendment adjusts RCW 18.64.600 regarding the license of location for remote dispensing sites. The first subsection is amended to expand the purpose to “the treatment of opioid use disorder or its symptoms.” The third subsection is expanded to allow dispensing technologies to be owned either by the pharmacy or the registered remote dispensing site.</p>
SB 5624	Substance use recovery services advisory committee recommendations	<p>SB 5624 focuses on the Substance Use and Recovery Services Advisory Committee (SURSAC) and the language of the bill proposes implementing committee recommendations such as:</p> <ul style="list-style-type: none"> • Decriminalization of possession of a personal amount of counterfeit substance, controlled substance, or legend drug for persons 21+ • Provides legal advocacy for parents affected by behavioral health issues in dependency and child custody cases.

Dead/dormant Bills (relevant if needed to pass the budget)		
Bill # /Companion	Short Title	Bill Summary
		<ul style="list-style-type: none"> • Funds, promotes and establishes training for recovery residences • Establishes health engagement hubs • HCA must provide grants to supportive programs that help persons with SUD with employment. • Establishes a statewide directory of recovery services • Intends to fund crisis stabilization units, mobile crisis response, recovery navigator programs, and law enforcement assisted diversion. • Establishes a HCA workgroup to streamline SUD treatment intakes/ assessments with goal to broaden workforce capable of conducting intakes. • Establishes a safe-supply workgroup with members appointed by the governor. <p>Explicitly adds OTPs to the list of essential public facilities</p>
SB 5685	Creating the profession of dental therapy	The bill creates dental therapists as a new profession under Title 18 RCW. Discipline would be under the authority of the Dental Quality Assurance Commission. Approval of licensing examinations would be the responsibility of the Dental Hygiene Examining Committee. A dental therapist must practice under the supervision of a dentist and with a written practice plan contract which must be filed with the Department of Health.
