

Medications.

(1) An athletic trainer licensed under chapter 18.250 RCW:

(a) May purchase, store, and administer over-the-counter medications, as prescribed by an authorized health care provider as defined in RCW 18.250.010(7) for the practice of athletic training;

(b) Who has completed an accredited training program on pharmacology and medication administration may purchase, store, and administer medications in accordance with the program, as prescribed by an authorized health care provider as defined under RCW 18.250.010(7) for the practice of athletic training.

(2) For the purposes of this section:

(a) "Accredited training programs on pharmacology and medication administration" includes but is not limited to:

(i) Coursework within an accredited athletic training program;

(ii) Board of Certification for the Athletic Trainer (BOC) approved Category A continuing education on the topic of pharmacology and medication administration;

(iii) BOC approved Category C post-certification college and university coursework on the topic of pharmacology and medication administration;

(iv) Other training on pharmacology and medication administration which is recognized by industry recognized local, state, private, national and international organizations, agencies or institutions of higher learning.

(b) "Medication" is an over-the-counter medication as defined under RCW 69.60.020 or a legend drug as defined under RCW 69.41. Medication does not include controlled substances as defined under RCW.69.50.101.
