WSR 24-09-012

Agency: Department of Health

Subject of possible rule making: Clarifying “culturally congruent care” in chapter 246-835 WAC, Birth Doula. The Department of Health (department) is considering amendments to WAC 246-835-010 Definitions, and WAC 246-835-025 Culturally congruent ancestral practices, training, and education, to clarify the definition of “culturally congruent care” and to ensure education and training requirements related to “culturally congruent care” are clear.

Statutes authorizing the agency to adopt rules on this subject: RCW 18.47.030 and 18.47.800.

Reasons why rules on this subject may be needed and what they might accomplish: The department is considering amendments to address concerns expressed by the Doula For All Coalition and other interested parties regarding the definition of “culturally congruent care” and the use of the term in WAC 246-835-025. The department also received a petition request in February of 2024 requesting that the department update the definition of “culturally congruent care”. Amending WAC 246-835-025 and the definition of “culturally congruent care” could address concerns raised by interested parties by clarifying the practice of “culturally congruent care” and the required competencies for a birth doula seeking state certification.

Identify other federal and state agencies that regulate this subject and the process coordinating the rule with these agencies: None

Process for developing new rule (check all that apply):

- Negotiated rule making
- Pilot rule making
- Agency study
- Other (describe) Collaborative rulemaking

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting:
