Purpose of the proposal and its anticipated effects, including any changes in existing rules: The department is proposing to amend WAC 246-320-111, Hospital Responsibilities, by adding a new subsection that clarifies regulatory requirements for licensed acute care hospitals that wish to discharge or transfer a patient to a 23-hour crisis relief center.

Reasons supporting proposal: In 2023, 2SSB 5120 was passed, creating 23-hour crisis relief centers, a new type of behavioral health service model that will provide mental health and substance use crisis response to adults for no longer than 23 hours and 59 minutes at a time. Section 2 of 2SSB 5120 directs the department to adopt rules to develop standards for licensure or certification of 23-hour crisis relief centers. As part of this requirement, the department was instructed to coordinate with the Health Care Authority to establish rules that prohibit a hospital that is licensed under chapter 70.41 RCW from discharging or transferring a patient to a 23-hour crisis relief center unless the hospital has a formal relationship with the 23-hour crisis relief center. The department conducted workshops and solicited input from interested parties in order to develop standards to meet the intent of the bill.

Statutory authority for adoption: RCW 70.41.030 and 2SSB 5120 (chapter 433, Laws of 2023), codified as RCW 71.24.916

Statute being implemented: 2SSB 5120 (chapter 433, Laws of 2023), codified as RCW 71.24.916
