WSR 24-09-050

Agency: Department of Health

Subject of possible rule making: Updating licensure by endorsement requirements for birth doulas. The Department of Health (department) is considering amendments to the birth doula certification requirements in WAC 246-835-040, Applicants currently certified in other states or territories, to comply with Second Substitute House Bill (2SHB) 1724 (chapter 425, Laws of 2023).

Statutes authorizing the agency to adopt rules on this subject: RCW 18.47.800 and 2SHB 1724, (chapter 425, Laws of 2023)

Reasons why rules on this subject may be needed and what they might accomplish: Section 8 of 2SHB 1724 directs all disciplining authorities to waive education, training, experience, and exam requirements for applicants who have been credentialed in another state or states with substantially equivalent standards for at least two years immediately preceding their application with no interruption in certification for longer than 90 days.

The intent of the bill was to make disciplining authorities review and adjust certification requirements to remove barriers to entering and remaining in the health care workforce, and to streamline and shorten the credentialing process. Rulemaking is necessary to amend certification requirements in WAC 246-835-040 to align with section 8 of 2SHB 1724.

Identify other federal and state agencies that regulate this subject and the process coordinating the rule with these agencies: None

Process for developing new rule (check all that apply):

- Negotiated rule making
- Pilot rule making
- Agency study
- Other (describe) Collaborative rulemaking

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting:
