Agency: Department of Health – Podiatric Medical Board

Subject of possible rule making: Removing licensure barriers for podiatric physicians and surgeons. WAC 246-922-055, Reciprocity requirements. The Podiatric Medical Board (board) is considering updates to reduce licensure barriers for podiatric physician and surgeons. The board is considering amending reciprocity requirements in order to comply with Second Substitute House Bill (2SHB) 1724 (chapter 425, Laws of 2023) codified at RCW 18.130.077.

Statutes authorizing the agency to adopt rules on this subject: RCW 18.22.015 and RCW 18.130.077

Reasons why rules on this subject may be needed and what they might accomplish: RCW 18.130.077 requires disciplining authorities to waive education, training, experience and exam requirements for applicants who have been credentialed in another state or states with substantially equivalent standards for at least two years immediately preceding their application with no interruption in licensure for longer than 90 days.

The goal of the substantial equivalency is to address work force shortages, and reduce licensing barriers. This legislation requires waiving all initial exam requirements.

Identify other federal and state agencies that regulate this subject and the process coordinating the rule with these agencies: None

Process for developing new rule (check all that apply):

- Negotiated rule making
- Pilot rule making
- Agency study
- Other (describe) Collaborative rulemaking

Interested parties can participate in the decision to adopt the new rule and formulation of the proposed rule before publication by contacting:
