PART 01

About Our Company

Hello!

Chimcare was founded in 1989 as a one man operation out of Canby, Oregon. In 2015, the founders son Jesse Peralta acquired the company and begin the process of building out and expanding the company. Today, the company has operations in Oregon, Washington and Ohio with plans to further expand the company nationwide. With over 30 years of experience and operating in 3 states, Chimcare has positioned itself as one of the top chimney and fireplace companies in America.

Our technicians are highly educated and are certified by the Chimney Sweep Institute of America. To maintain this certification each employee must do continual CEU's to maintain their certification. In addition to ongoing education and training we also invest in advanced technical equipment to insure you receive top quality workmanship.

By working with Chimcare, you can be rest assured that you have partnered with the right company.

PART 03

Mission & Vision

The background of the image is a close-up, slightly blurred view of the American flag. The stars and stripes are visible, with the blue field of stars on the left and the red and white stripes on the right. A semi-transparent red square is overlaid on the left side of the image, containing white text. Inside this red square, there are several faint, overlapping white stars of varying sizes, creating a layered effect.

Our Customer Reviews

“

Very pleased with our experience with Chimcare. They showed up on time, very friendly, very informative. They answered all of my questions and left my home clean. Will certainly use they again!

Troy & Melanie Brown

“

They were prompt. The fireplace cleaning left no evidence inside of the home. Very clean and professional. They went above and beyond even in the hot heat. Money well spent. Thank you Chimcare
