

## Crisis awareness and communication in peer support (CACPS) trainings

---

Here is what you need to know:

- **If you are a certified peer working in a crisis setting, this is a legislatively required training which must be completed by June 30, 2024.**
- Attendees must be certified peer counselors.
- Peers working in crisis settings are given priority.
- Peers must complete the online prerequisite "[Power of peer support in crisis services](#)" training to attend this training and download a copy of the certificate to be offered as proof of completion to the hosting training organization.
- Peers must complete the post-traumatic growth survey (sent by the training organization) before the first day of training.
- Peers must attend the training in person.
- Peers must cover their own travel and hotel accommodations.
- Breakfast, refreshments, and lunch will be provided during the training day.
