## Convention Place Station

For Convention Place Station s/b: From the Book, Section 15.26, page 120. Bay D coaches must yield to Bay C and/or Bay I coaches when leaving the station. District Supervisors in the DSTT have noticed not everyone is following this procedure. Let's do what we can to help!

## Early Sign in's

**As stated in the Policy Bulletin on 10/11/17, effective 10/14/17:**

***"You may sign in up to 15 minutes early."***

***"Working before sign-in, or signing in more than 15 minutes before your sign-in time, may be subject to progressive discipline."***

## New Coaches

### **NEW FLYER 8100s START ARRIVING AT EAST IN NOVEMBER**

East Base will start seeing 8100s arrive. The new 8100s at East will push 6800s from East over to North Base, so that North can begin retiring their fleet of 2300s, and eventually some 2600s.

### **NEW 4600 PROTERRA FLEET TO BELLEVUE BASE IN MARCH/JUNE 2018**

8 new Proterra coaches should arrive during the first half of 2018. Needed charging infrastructure at Bellevue Base and Eastgate P & R that should be in place in the June 2018 timeframe, while will allow Metro to fully launch these additional vehicles. In the interim, new 4600s could be used to swap out and retrofit the older 4600s with improved Operator compartments. Bringing the 8 new coaches fully online in June 2018 will allow Metro to "fully electrify" the two routes (226 and 241) that have been partially operated by 40' battery coaches for the past year.

### **NEW 7300 GILLIG FLEET TO BELLEVUE BASE IN MID 2018**

Expect to see 130 new Gilligs arrive and operate out of Bellevue Base replacing the remaining 1100s and 3200s.
