Sponsorship Opportunity

Empowering veteran-owned businesses through financial education and resources.

Program Overview

Healing Hands Foundation in partnership with Just Here 2 H.E.L.P. LLC has created the "Veteran Financial Empowerment Initiative" a program designed to support veteran-owned businesses with critical financial education and advisement needed to thrive in today's competitive market. These businesses play a vital role in providing goods, services, and public works to the state of Washington, contributing significantly to the state's economy and infrastructure. The program includes four quarterly training sessions on key financial topics and provides free laptops and business supplies to veteran business owners in need.

Why Sponsor

Your sponsorship will directly contribute to the success and sustainability of veteran-owned businesses, which are critical to the state of Washington's economy. These businesses not only provide essential goods and services but also play a key role in public works and infrastructure projects across the state. By equipping veteran entrepreneurs with the necessary financial education and tools, this initiative aligns with the goals of fostering economic stability, reducing unemployment among veterans, and promoting community development.

Join us in empowering veteran entrepreneurs, ensuring their long-term success, and supporting the essential services they provide to our state.
