Thurs., December 5, 2019 | 8:30 a.m. – 3:30 p.m.

Clark College @ Columbia Tech Center | 18700 SE Mill Plain Blvd, Vancouver

Also available through MESD on Friday, December 6.

Juli Dixon asks, “Do your school and classroom norms fight fixed mindsets or support them?”

Dr. Dixon will share five classroom culture shifts to support students while engaging in the mathematical practices. By examining school and classroom structures that might inhibit growth mindsets, teachers discuss ways to adjust those structures. She helps teams create a shared image of what it looks like when students are set up to succeed.
