

Modeling Our World With Mathematics

Summer Institute

The **Modeling Our World With Mathematics (MOWWM) Summer Institute** is a free training designed to provide teachers with the familiarity and support to implement the full course and its accompanying assessments in the 2020-21 school year. New modules and updated MOWWM materials will be released at the Summer Institute.

Details

- The Summer Institute will be held on the east side and the west side of the state, to make attendance easier for all interested teachers
- Teachers who are new to MOWWM attend **both days** of the training
- Teachers who have previously taught MOWWM attend only the second day
- Meals will not be provided. Please plan accordingly

Registration

Registration utilizes pdEnroller. Please make sure your pdEnroller account is up to date with your preferred contact information. We will use this information for all communications regarding this training.

East Side Summer Institute

ESD 123 (Pasco), August 5-6, 2020
