

Climate Generation Fall Workshops 2021

Ask An Expert!

Thursday, October 14th at 12:00-12:45 PM CT

[Add to my calendar](#)

Join climate storytellers Natalie Rivas ([@CLEOInstitute](#)) and Reb Anderson ([@acespace](#)) on Twitter. Jump into #TeachClimateChat with your students and ask our climate storytelling experts about how they use the power of storytelling and personal narrative to connect communities to climate change impacts and solutions.

If you are not able to join live, send prepared questions to Seth Spencer (seth@climategen.org) by October 14th at 9:00am CT.

Teach Climate Network Workshop: Personalizing and localizing climate change through the power of our stories

Wednesday, October 20th, 6:00-7:00 PM CT

[Register Here](#)

Using personal connections and storytelling allows us to share our own climate stories, and can engage and inspire communities towards climate action. Join us as we explore how to support and empower students in uncovering their climate stories and learn how writing, art, and personal connection are powerful tools for climate solutions.

All workshop registrants will have access to the workshop recording.

COP Preview Panel: People-Centered Action through ACE

Tuesday, October 19th, 11:00 AM-12:00 PM CT

Join Climate Generation and other members of the U.S. ACE Coalition for a [preview event leading up to COP26](#). This November 1-12, Climate Generation is sending [six delegates](#), two youth, and two staff members to the international climate negotiations in Scotland. Get an understanding of what to expect from the international climate negotiations this November 1–12 and share what you want to see come out of it. This event will also be livestreamed on Facebook.

Featured guests include Frank Niepold, Senior Climate Education Coordinator at NOAA and Action for Climate Empowerment National Focal Point for the United States, members of the Climate Generation Window Into COP26 delegation, and other members of the [U.S. ACE Coalition](#).

In addition to attending the COP panel, you can **give your students the opportunity to share their ideas in Glasgow!** We are compiling student voices about the future of climate change, and we want to share their suggested climate solutions at COP26. More guidance can be found in **Activity 6** of the [COP Educator Toolkit](#). Submit your class' responses to education@climategen.org with the Subject: *COP26 Talanoa*, including your contact information, name and location of your school, and age of your students. Deadline for submission is **October 22**.

Teach Climate Network Workshop: Understanding the power of COP26

Wednesday, November 3rd, 12:00-1:00 PM CT

[Register Here](#)

Learn about COP26 (United Nations Conference of the Parties) taking place in Glasgow, Scotland November 1st-12th. Discover the importance of policy and collaboration in finding climate change solutions, and learn about resources to connect your students with the climate change solutions developed at this year's U.N. Climate Change Conference. Educators will also leave with best practices and strategies for effectively using Climate Generation's [COP26 Educator's Toolkit](#).

All workshop registrants will have access to the workshop recording.

#TeachClimateChat Connect with educators attending COP 26

Thursday, November 4th, 12:00-1:00 PM CT

[Register Here](#)

Join the Climate Generation [delegation of educators](#) live in Glasgow, Scotland, as they attend COP26 (United Nations Conference of the Parties). Join the discussion about the importance of their work in empowering all members of society to engage in climate action, through education, training, public awareness, public participation, public access to information, and international cooperation on these issues.
