

Planning with the WIDA ELD Standards Framework

2-Part Webinar Series

This eWorkshop is designed for educators and leaders who are responsible for language development within content learning and implementation of the WIDA ELD Standards Framework. In each session, participants will receive additional resources for using the ELD Standards Framework in instructional planning. Teams are strongly encouraged to attend the webinars together.

This eWorkshop will assist educators in using the ELD Standards Framework to identify and support language students will use to engage in content learning. Participants will explore how the ELD Standards Framework can support collaborative instructional planning.

Learning Goals

- Leverage student assets to integrate a language focus into content units.
- Identify and support language students will use throughout a series of unit activities.

Participation Requirements

- Attend two 90-minute live WIDA webinars
- WIDA Secure Portal account to access the materials, resources, and webinar platform available in the WIDA eLearning Center
- Estimated 3 hours to complete entire webinar series

Registration is limited. The Bilingual office will be assigning registration based on District roles and availability. Apply for your preferred sessions by clicking [here](#).

FOUR BIG IDEAS
