Family Notification of New Student Placement in an English Language Development Program

Student's Name: _____ Date: _____

School: _____ School District: _____

Dear Parent or Guardian,

When you registered your child for school, the home language survey you completed indicated your child first spoke a language other than English OR your child uses a language other than English most often at home. Based on this information, the law requires the school to give your child an English Language Proficiency Screener to determine your child's eligibility for English language development instruction to help your child acquire English.

Based on this screener, your child is eligible for English Language Development services for the *INSERT YEAR* school year. Your child will receive services until they reach proficiency on the state-approved English language proficiency assessment.

WIDA Screener	Overall	Listening	Reading	Speaking	Writing
Your Child's Scores					
For grades K-1, to be considered proficient, students must score:	4.5	4	4	4	4
For grades 2-12, to be considered proficient, students must score:	5	4	4	4	4

Each year, students in English learner programs take the ACCESS for ELLs language proficiency test. The test measures academic English language proficiency for students learning English in our school and throughout our state.

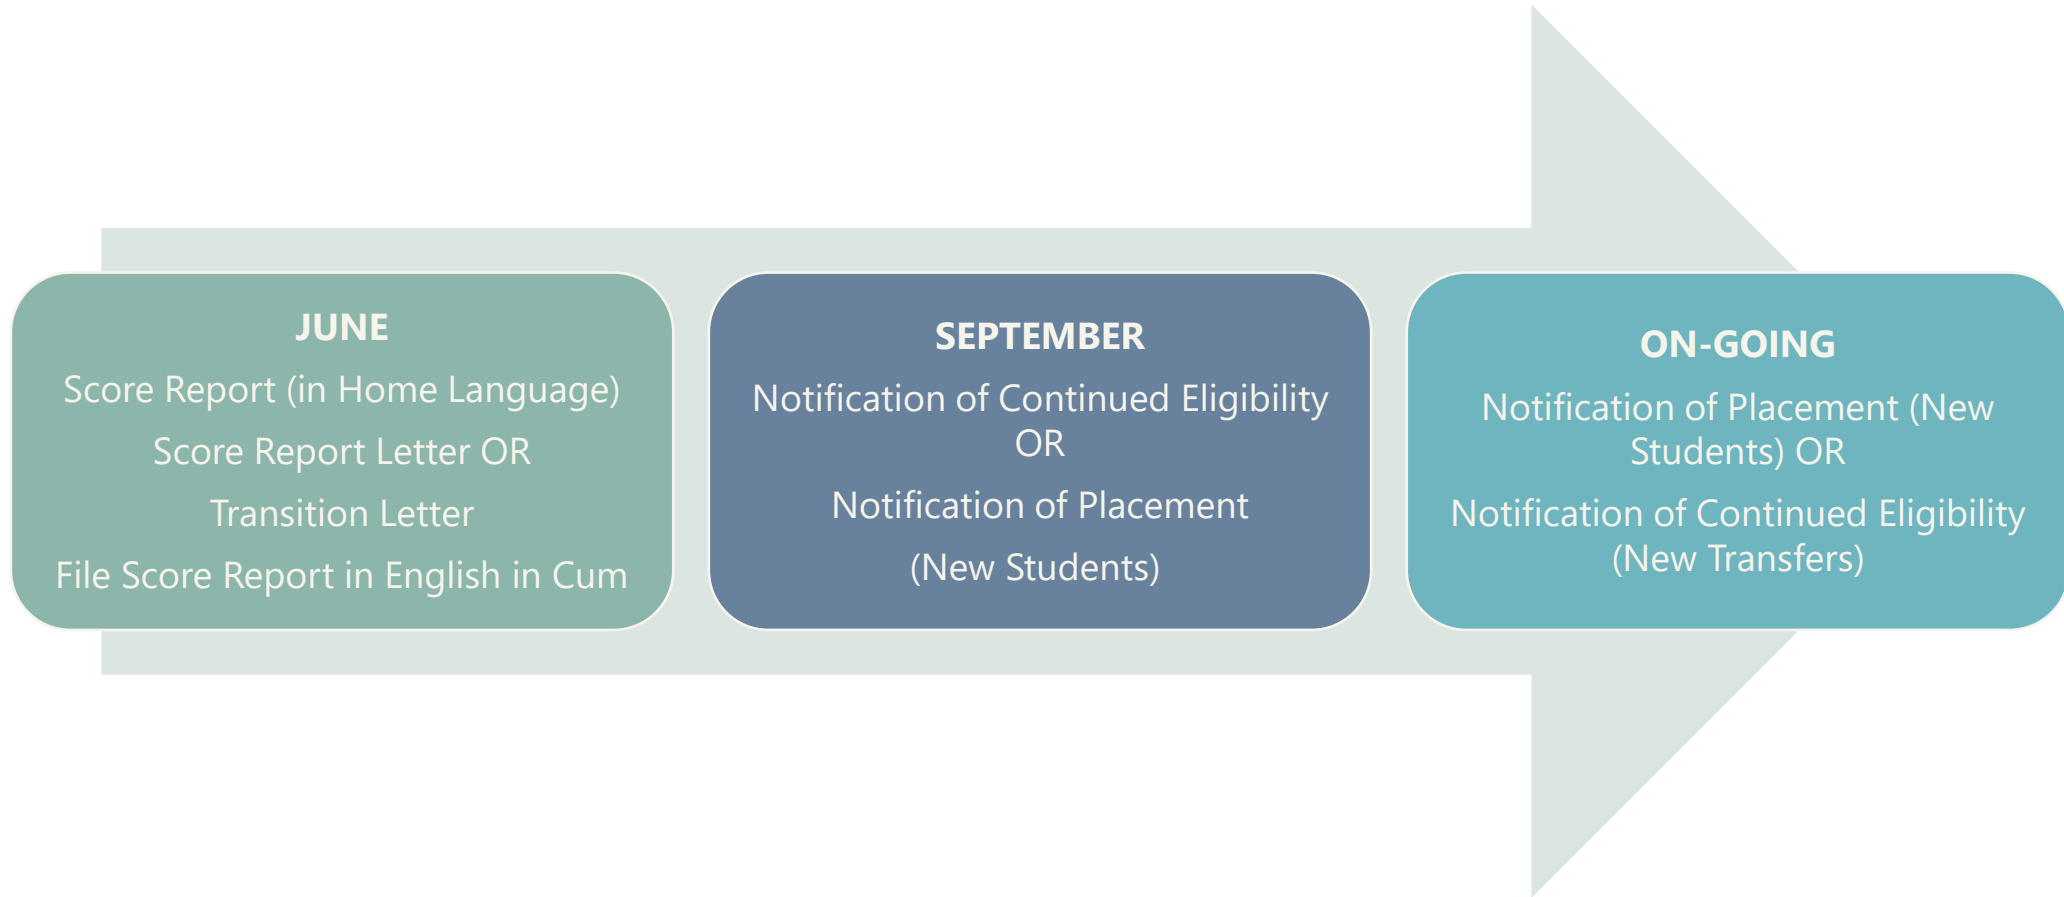

With this letter is an Individual Student Report. This report provides information about test results for your child. This information is for you to review and keep.

Teachers in our school use this information to help them make decisions about instruction for your child. Teachers also use these test scores to monitor the progress your child makes toward English proficiency.

For students to demonstrate proficiency and exit from English language services in Washington state, they must reach these levels:
